Air Force Readying Buying Orders for 2,727 Newer Planes

Await Only President's Signal to Commence Rebuilding Action

Washington, May 7—(AP)—The Air Force readied buying orders for 2,727 new warplanes today, awaiting only President Truman's signal to start building a 70-group peacetime airmada.

Shortly after the senate gave a 74 to 2 vote of approval yesterday to a $3,223,200,000 airpower expansion fund, Air Force officials announced they were warming up their purchasing machinery.

A senate-house conference committee was expected to act swiftly to compromise minor differences in the bill previously passed by a 313 to 3 vote in the house. The measure then will go to the White House where favorable action seems likely despite the $822,000,000 added to Truman's original request.

This was the money tacked on to assure a start toward the 70-group Air Force rather than the 55 groups first planned or the 66-group compromise put forward by Secretary of Defense Forrestal in his plea for a "balanced" military expansion.

Blasts Allen Suggestion

While most of the debate centered on the theme that air power is the best defense against attack a number of lawmakers left no doubt they would like to avoid an election year vote on reviving the draft and setting up universal military training.

Truman who asked for both of these, took scathing exception to a substitute manpower plan put forward by Rep Leo Allen (R-Ill) chairman of the house rules committee.

Allen, whose committee has blocked action on UMT, suggested shelving the draft as well by offering bonuses up to $1,500 to volunteers.

Truman told his news conference yesterday this was the most asinine proposition he has seen yet.

The Air Force said the new funds will provide 243 mombers, 1,575 jet fighters and 909 reconnaissance, transport, training, rescue and liaison aircraft by 1953.

Even more important, the Air Force statement said, is that the new appropriations will buy "that all-important time for which there is no substitute."

It pointed out that the president's air policy commission has set 1952 as the date when the atom bomb secret could be worked out by other nations. The Air Force said this means that 1948 is the last year in which this nation can start building toward a minimum peace time air force.

Labor Situation Gloomy

Truman Talks Over Railroad Problems With His Cabinet

Clerk Advises Seizure of Roads Under 1916 Law Still Valid

Washington, May 7—(AP)—A White House conference aimed at averting a railroad strike broke up today without a sign of progress. Another meeting was set for 3 p. m. (CST).

Presidential Adviser John R. Steelman talked for an hour and a half with head of the three strike-threatening rail brotherhoods.

Eben Ayers, a presidential press secretary, told reporters that steelman said it was only "a general exploratory conference".

Alvanley Johnston, head of the Locomotive Engineers, told the porters:

"All we did was spend an hour and a half talking with Mr. Steelman —exploring the situation".

Asked whether government seizure of the railroads was discussed, Johnston replied with a loud "no".

Asked if Steelman had advanced any proposal for settling the dispute, Jonaston shouted "no" to reporters questioning him on a sidewalk outside the White House grounds.

Truman Keeps in Touch

Accompanying Johnston to the talk with Steelman were David B. Robertson, president of the Firemen and Enginemen, and Arthur J. Glover, Jr., head of the Switchmen's Union. Neither Glover nor Robertson had any comment.

Earlier, President Truman went over the whole situation with his cabinet in an hour-long meeting. It was indicated that no specific conclusions were reached at the cabinet session.

For the present Truman is leaving all details in Steelman's hands but keeping in close personal touch with the developments.

Steelman's meeting with the brotherhood men was delayed an hour and a half because Arthur J. Glover, Jr., president of the Switchmen's Union, was late arriving in Washington from Buffalo. Glover's train was late

Leaving the cabinet session, Attorney General Clark told reporters he advised the president in an opinion last week that he has ample power to seize the railroads —in event he decides that step is advisable.

At the same time, Clark em-

(Continued on Page 6)

Developments

(By The Associated Press)

Major Developments in the nation's top labor disputes today:

RAILROADS—The government made a renewed attempt to head off the crippling nationwide rail strike called for 6 a. m. Tuesday by three operating unions, brotherhood presidents were called to the White House for a conference with presidential assistant John R. Steelman. The carriers moved to curtail operations and gave notices of embargoes on freight shipments and possable layoffs to non-striking workers.

MEAT—There was a strike threat of CIO stockhandlers at the world's largest stockyards in Chicago and six other major livestock centers in a dispute over wages; government conciliators hoped to resume negotiations with packers and CIO United Packinghouse Workers union in efforts to settle the eight-week-old meat strike by 100,000 workers.

AUTOS—The CIO United Auto Workers ended wage negotiations with the Chrysler Corp. and mapped plans for a strike by 75,000 workers in 16 plants; state and federal mediators hoped to bring the disputants together for further wage talks before the May 12 strike deadline.

TRANSIT — The threatened strike in New York City against five bus companies, which would have affected more than 1,500,000 daily riders, was averted a few hours before the strike deadline when CIO Transit Workers were

(Continued on Page 6)

Tieup of Railroad System of Country Completely Likely

Many Roads Intend To Lay Off All Workers If Strike Begins

Chicago, May 7—(AP)—A near complete tieup of the nation's 225,000-mile railroad system appears likely if the strike by three operating unions starts next Tuesday morning.

Three major measures are being taken by the carriers in preparation for the scheduled walkout by some 190,000 key workers -engineers, firemen and switchmen.

They are: notices of embargoes on freight shipments; notices to non-striking rail workers of possible layoffs and notices to passengers of the risk involved in taking journeys embracing the strike date.

Under terms of the strike call, only troop, milk and hospital trains will be operated by members of the striking brotherhoods. But at least two carriers said they will attempt some operation by using supervisory employes. These included the Illinois Central and the Louisville & Nashville lines.

To Halt Operations

Generally, however, the carriers proceeded with plans to halt all operations in event of a strike and sent layoff notices to the non-striking employes. The roads, under their contracts, are required to give from five days to 48 hours notice of impending furloughs. Some roads did not plan to lay off shop employes as their work would not be affected by the strike.

The Pennsylvania, the country's largest carrier of passengers and freight, and the Baltimore & Ohio were among the carriers announcing plans for a complete layoff of workers if the strike becomes effective.

The New York Central and the Erie were among the nation's major carriers announcing they would not attempt to operate trains if the strike is called.

Ralph Budd, president of the Chicago, Burlington & Quincy, said "we do not know to what extent we will be able to provide service during the strike or if we can provide any at all."

No general embargo action is up to the individual roads. Several carriers announced plans to embargo shipments of livestock, live poultry and perishable cargo, to become effective over the weekend.

The layoff notices and announcement of embargoes came from carriers across the country.

Closing Arguments of Counsel Occupy Attention of Jury

Consideration of Evidence May Start Later in Day

State's Attorney Morey C. Pires, stressing that the state backed the veracity of William and Leroy Meyers in their testimony, this morning asked a Lee county circuit court jury to "bring in a verdict of guilty" against Rep. Lyle M. Prescott on the charge that he conspired to defraud the state and Charles, Gust and Della Hanson.

Pires queried "Does it sound like the Myers?" in referring to Prescott's story from the witness chair yesterday afternoon when he related that the Myers insisted he accept $2,580 as a token of appreciation for telling them the state was interested in the Hanson land.

Prescott said the Myers told him when they gave him the money: "We appreciate the fact that this business was brought to our attention, telling us the state was interested in this property. We have consummated the deal. We have made a sizeable profit and are willing you should have some of this money."

The defendant related: "I said, William and Leroy, you are not indebted to me in the transaction. My only interest was that the state should purchase the property. You owe me nothing, and I would rather not take it."

He said the Myers urged: "Go ahead and take it." "I accepted it," he concluded.

Asks Jurors Questions

Pires said this morning, "Well, you know the Myers, do you think they'd offer it again?"

"The Meyers didn't know about this," Pires said of the state's plan to buy the land, "until Prescott went to them. He sent them to the Hansons . . . "

"Prescott knew Floyd Chapman didn't intend to buy that land," he said of the $35,000 offer signed by Chapman. "Who was he making it for? Prescott and the state of Illinois."

He pointed out that "the only information the department of conservation had that the Hansons would take $83.50 per acre came from Lyle Prescott, and the state acted on that. Then, he said, when the governor approved purchase at that figure "the state of Illinois had been deceived."

Using a courtroom blackboard,

WEATHER

FRIDAY, MAY 7, 1948

FORECAST FOR DIXON AND VICINITY—Clear and cool tonight with frost likely; Saturday partly cloudy and warmer; low tonight 37, high Saturday 70, low Saturday night 52; variable winds 8 to 12 miles per hour tonight becoming southeasterly 12 to 15 miles an hour Saturday.

For the 24 hours ending at 7.00 a. m. today—maximum temperature 58, minimum 28 (year ago 68 and 48); cloudy; precipitation .31 inches, total for May to date .99 inches, total for year to date 10.10 inches.

Saturday- sun rises at 5.34 (CDT), sets at 7.56.

Sunday—sun rises at 5:33, sets at 7:57.

EXTENDED FORECAST

Illinois: Temperatures will average 2 to 4 degrees below normal, (normal maximum 69 north to 74 south, normal minimum 46 north to 52 south), warmer Saturday turning cooler Sunday, cool Monday, slowly warming Tuesday and Wednesday; precipitation will average ½ inch to ¾ inch north and ¾ to 1½ inch south portion occurring as showers Sunday and Sunday night and east portion Monday.

TODAY'S WEATHER STORY

Chicago, May 7—(AP)—More rain fell over scattered sections of the country today. Cool weather continued in parts of the north central and Great Plains states.

One rain belt extended from eastern Indiana and eastern Michigan through the lower Great Lakes region to the middle Atlantic coast. The heaviest falls in the Lakes areas were in Illinois and Indiana.

Showers and thunderstorms also were reported in the east Gulf and south Atlantic states and widely scattered showers in the plateau and Pacific Northwest states.

Frost or freezing temperatures were reported in the early morning hours in sections of northern Minnesota, northern Wisconsin and upper Michian. The lows included 29 at Park Falls, Wis., and International Falls, Minn. The mercury was in the 30's in Iowa and Illinois.

Murders Couple to Obtain Use of Car

Bryan, O., May 7—(AP)—A 14-year-old junior high school athlete signed a statement just before midnight last night admitting he shot and killed a 57-year old couple because he wanted their their automobile for a dance, Sheriff Norman A. Barnes reported.

The sheriff identified the boy as Ervin Arthur Ingle, who played both football and basketball on Bryan Junior high school teams.

The youth was held without charge today in Williams county jail.

Sheriff Barnes said Ervin sobbed out the details of how he shot John Gabriel, a railway mail clerk, and his wife, Pearl, drove their automobile to a boy friend's house and hid the slaying weapon, a pistol, in his own home.

Auto Workers Push Forward With Plans for Strike May 12

Quit Negotiations With Chrysler; Call Strike "Inevitable"

Detroit, May 7—(AP)— The CIO-United Auto Workers, having quit the bargaining table with a bitter blast at Chrysler Corp., pushed ahead today with plans for a strike they now call "inevitable."

State and federal mediators immediately moved forward with hopes of bringing the warring parties together again before the strike deadline, set by the UAW at May 12.

Terming wage negotiations with Chrysler to be in a "hopeless deadlock," the union broke off the talks yesterday and told the corporation "its attitude in an insult to human decency."

In a formal statement, Norman Matthews, director of the UAW's Chrysler department, said "there is no point in further negotiations and a strike next Wednesday is inevitable" unless the auto makers change their position.

Demand 30-Cent Raise

The UAW has demanded a 30-cent an hour wage raise in addition to various fringe demands. Chrysler countered this with a six-cent offer which was withdrawn after the union rejected it. The present average scale is $1.50 for production workers.

One possible legal barrier remained in the path of the UAW: Michigan's Bonine-Tripp law. Under terms of the law employes must take a strike vote before staging a walkout in Michigan.

However, the UAW has argued that since Chrysler has plants in California and Indiana the company is an inter state corporation and not subject to the Bonine-Tripp law.

Even after a state attorney general's ruling that the Chrysler workers must vote under the

(Continued on Page 6)

Truman's Trip Is Without Sponsor

Washington, May 7 (AP) The White House said today that President Truman will not appear under political auspices anywhere on his railroad trip to be made across the country before the Democratic national convention.

Presidential Secretary Charles G. Ross made this comment when questioned about the president's pre-convention trip opening June 4 in Chicago.

The questioning grew out of a complaint from a Democratic committee in Los Angeles that Truman had passed up an invitation to speak under party auspices there and accepted an invitation to speak June 14 before the Greater Los Angeles Press club instead.

"The president is appearing no where on this trip under political auspices" Ross said.

He said Truman will speak under the auspices of the Swedish Centennial committee in Chicago June 4; before the 35th Division reunion at Omaha, June 5; and at commencement exercises at the University of California in Berkley June 12.

Similarly, other scheduled appearances at Los Angeles, San Francisco and Seattle will be non-politically sponsored, Ross continued.

He did say that there probably will be platform appearances on the way to the coast.

Bacterial Activity Found in Dextrose

Berkeley, Calif., May 7 (AP)—Cutter Laboratories has asked hospitals to halt the use of several of its preparations because of an unexplained bacterial activity.

The entire line of Cutter's dextrose and other solutions for mass intravenous injections was called in yesterday. The company said mold had been found in a preparation known as dextrose 10 per cent in Ringer's solution.

C. W. Montford, a Cutter official, said no fatalities had resulted from the use of the contaminated solution but that it could cause a serious reaction in a sick person.

Montford said the contamination probably occurred after the product left the laboratory.

"The reason for this contamination is still unknown," he explained.

A week ago the U. S. Food and Drug Administration warned against the use of a Cutter glucose solution found to be contaminated. Steps were taken to withdraw that particular batch.

Can't Find Man for Jerusalem's Mayor

Lake Success, May 7 —(AP)—Britain informed the United Nations today she has been unable to find a neutral man, acceptable to Arabs and Jews, to serve as mayor of Jerusalem.

Foreign Secretary Bevin asked the U. N. to get together with Jews and Arabs here and try to find a suitable man for the job.

U. N. officials immediately began consultation here with Jews and Arabs. The neutral mayor idea was suggested in the U. N. by the British, who agreed to name the man.

The British report threw a wrench in the general assembly's decision yesterday to approve British appointment of a neutral to take over the municipal administration of the Holy City after May 15.

U. S. Attorneys Match for Salary Increase

Newark, N. J., May 7 - (AP)—Four assistant U. S. Attorneys matched coins to determine which one was to get a $250 annual increase, U. S. Attorney Edgar H. Rossbach disclosed today.

The problem arose when Assistant U. S. Attorney Charles J. Tyne moved up from $4,500 to $5,900 per annum. That left the $4,500 post to be filled by one of four members of the staff receiving $4,250.

The four agreed the fairest way would be by matching coins. They were J. Edward Amada, Joseph B. Schwartz, John T. Corcoran and Edward V. Ryan.

Amada won.

The vacancy was caused by a resignation.

Civilian Employment Mounts During April

Washington, May 7.—(AP)—Civilian employment rose by 1,000,000 in April to a total of 58,330,000, the Census Bureau reported today.

Unemployment declined about 250,000, to 2,193,000.

The upswing in the number of jobs and the drop in unployment were attributed to seasonal factors—spring - planting on the farms, better weather and more outdoor work opportunities.

Most of the new work opportunities that opened up last month were on farms. Employment there rose about 600,000 to a total of 7,500,000. However, that was below April of last year.

Jews Claiming New Successes Today in Battle With Arabs

Haganah Says Two Arab Villages Captured During the Night

(By The Associated Press)

Jews claimed new successes today against the Arabs in Palestine.

The Jewish army, Haganah, said two Arab villages were taken during the night in northern Palestine between Nazareth and the Sea of Gahilee. A hill overlooking strategic Safad, an Arab city ten miles north of the sea, also fell to Haganah.

The fighting was only preliminary to the expected battles which the United States, the United Nations and much of world opinion have been endeavoring without success to forestall after the British mandate ends next Friday night.

Concern was voiced in Washington lest battles between Jews and Arabs in Palestine spread to other areas of the Middle East. Western Europe was viewed as relatively secure, for the time being. Most opinion in the U. S. capital was that if new Russian pressure is to develop in coming weeks, it probably would come in the south or Middle East. Iran, Turkey and Greece were mentioned as danger points.

Churchill at Meeting

Winston Churchill, wartime prime minister of Britain, arranged to keynote plans for a United States of Europe to an unofficial 22-nation forum in The Hague. Exiled leaders from Yugoslavia, Czechoslovakia, Romania and Finland attended.

Greece executed 18 more persons accused of murder, stemming largely from the 1944 uprising. Already 213 have been executed this week. Hundreds more were doomed. The British ambassador asked an explanation and at least four British newspapers cried out against the executions. U. S. officials in Greece apparently were helping to mediate differences between Greek liberals and poulists in reforming a new cabinet.

Efforts to reach a truce for Jerusalem were made in that city and in Jericho. A responsible United Nations official said at Lake Success the Palestine crisis could be settled if the U. S. and Britain got together. The U. S.

Dixonites Hurt in Peculiar Accident

Mr. and Mrs. William Hanson and Mr. and Mrs. Jack Kennaugh, Dixon, narrowly escaped serious injury in an automobile accident Thursday morning about 1 o'clock on the Lincoln Highway about one mile east of Morrison as they were returning home from a visit at Camanche, Iowa. All were passengers in the Hanson station wagon and some were asleep, when their car was sideswiped by a house trailer which was being towed behind a car.

Whether the hitch failed or the side sway of the trailer caused the crash was not known, but both station wagon and trailer were totally demolished. The two Dixon couples sustained numerous cuts and bruises and were removed to the Morrison hospital where their injuries were dressed, they arrived in Dixon yesterday. The trailer was reported to have been owned by an Edinburg, Ill., carnival worker.

Police and Nebraska Students in Battle

Lincoln, Neb., May 7- (AP)—Lincoln police threw a tear gas bomb near some 2,000 University of Nebraska students today in an effort to disperse a crowd which gathered to protest attempts to tow in double-parked cars. There was no violence.

The bomb failed to disperse the students, according to university spokesmen. Police then were requested to leave by dean of faculties C. W. Borgmann. The student crowd broke up when the police left.

The incident started about 9 a. m when a university policeman called a wrecker to tow in some double-parked cars in front of the social service building.

P. O. Department Is Cold Toward 'Losing Small Package Business

Washington, May 7—(AP)—The postoffice department adopted an "Oh, no!" attitude today toward suggestions that it take over the losing "small package" business of the Railway Express Agency.

The trouble is the postoffice hasn't found the handling of small packages very profitable either.

Postmaster General Jesse M. Donaldson noted that the cost of handling parcel post this year will run to about $50,000,000 more than the parcel postage sold. He added to a reporter:

"We have already outgrown our pants in this department as a result of the diversion to parcel post following recent increases in railway express rates. We just don't have the facilities to handle all of the express company's business."

Interstate Commerce Commissioner J. Haden Alldredge has been discussing with other government officials and railroad interests a proposal for discontinuing railway express, a "pool" operation by the railroads which has been functioning for years.

It has been a loss business for some time chiefly because of the cost of handling small packages. Express rates have been raised three times since the end of the war on ICC findings that operating expense was exceeding income.

Alldredge believes the railroads should stop handling any package weighing less than 70 pounds—the top limit for parcel post. He thinks the under-70-pounds business should move as parcel post or if the shipper prefers, by motor freight, the cargo air lines, or through freight forwarders. The latter assemble small shipments for re-shipment in big lots at the most favorable rates.

Fund for 4-H Club Camp Grows Slowly

Miss Frances E. Patrick, secretary of the Dixon Chamber of Commerce has announced several additional donations for the 4-H camp fund which have been received at her office. The total amount subscribed to date is $1,525.50 and in addition to donations which have been previously announced, are the following.

Previously announced, $1,258.00, John Roe, $7.50; Howell Oil Burner Co., $5.00; Reynolds Wire Co., $75.00; Dixon Fruit Co., $25.00; Dixon Home Telephone Co., $25.00; Consumers of Northern Illinois, Inc., $25.00; Boynton-Richards Co., $15.00; Freeman Shoe Co., $50.00; C. K. Willett, $25.00; Hunter Associates, $15.00 Total to date, $1,525.50.

Arson Suspected in Recent Dixon Fire

Evidences of arson were discovered yesterday by Deputy State Fire Marshall Les Fiedler, Rockford, who investigated a blaze at a building being erected in the 1500 block of West Fourth street by Alex Gehant, 1216 Long avenue.

Fiedler was called here to probe the situation after the Dixon fire department extinguished a fire at the homesite late Wednesday evening. He said the fire was deliberatly set.

Only the fact that the fire was discovered promptly by neighbors held damage to a minimum, Chief Jake Johnson said.

Police have experienced trouble in the same geenral area of late. Children have been playing inside houses being constructed, resulting in damage to several of the buildings.

European Assembly Churchill's Idea

The Hague, The Netherlands, May 7— (AP)—Winston Churchill urged today immediate formation of a European assembly as the first step toward a council of Europe free of the jealousies and rivalries of the past.

Churchill asked members of a 22-nation forum to plead with their governments to "create a new Europe" whose united voice can be continuously heard.

The new council of Europe should be a subordinate but necessary part of the world organization, Churchill said. The world organization of the future, he said, should have three "august but subordinate" regional councils:

1. The Soviet Union.
2. The Council of Europe, including Great Britain, joined with her empire and commonwealth.
3. The western hemisphere.

Says West Grieves

Britain's wartime leader said that the west is grieved and perplexed by the attitude of the Soviet Union, "without whose active aid the world organization cannot function, nor the shadow of war be lifted from the hearts and minds of men and nations."

A resolution is before the meeting to create a "European deliberative assembly through which views could be exchanged and a common European opinion expressed on problems of the day." The meeting also is asked to create an emergency council to direct joint action for economic recovery and military defense to "preserve democratic freedom."

Churchill is honorary chairman of the meeting.

Delegates from all the 16 European nations participating in the Marshall plan are attending the sessions, being held under the title of "The Congress of Europe." In addition, exiled leaders are present from Yugoslavia, Czechoslovakia, Romania and Finland, and delegates are here from the Saar valley, the French occupation zone of Germany, and from Spain.

Mother deserves the best.

INSTRUCTION

YOUR FUTURE FINANCIAL security will depend upon your plans now. Not next year or even next month for while you are waiting others are being trained and will have a head start. If you have not started your plan for independence perhaps we can help you. 20 weeks time is all it takes the average man to learn one of the following trades:

Automotive or Diesel Mechanics, Auto Body and Fender Repairing, Electricity, Radio Servicing, Refrigeration, Air Conditioning, Building Construction

Non-Vets, 18-50. G. I. approved for Vets. The details of these trainings are free. Write now stating your choice of trades to Dept. Mgr., Box 36, care Telegraph.

Funny Business — By Harshberger

"Our new time-saver desk—saves running to the water fountain!"

Side Glances — By Galbraith

"His parents are going to send him to military school because he is so wild—he does hang around the drugstore an awful lot!"

Carnival — By Dick Turner

"Why, Congress on the radio would be terrific, J. C.! What other outfit's asking so many questions—giving away so much money?"

Considerate Gunmen Rob Chicago Tavern

Chicago, May 7 (AP)—The two gunmen who walked into the Elm Inn greeted nine customers friendly-like, telling them: "Go right on watching the television. We won't bother you."

They pointed their guns at Ray [illegible] owner. He beckoned them to take the money in the cash register and a safe. It amounted to $450.

During the holdup Herbert Neumeister, a delivery man, entered. The two gunmen suggested he separate his personal funds from his collections. He handed them $12 and kept another roll of bills. They thanked him and asked: "Are none of those yours?"

Mrs. India Edwards, former newspaper writer, has been named executive director of the Women's Division of the Democratic National Committee. She was formerly associate director, and succeeds Mrs. Chase Going Woodhouse, who resigned.

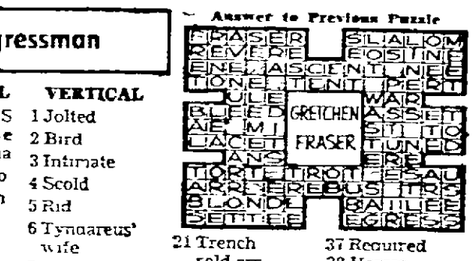

Chakravanty Rajagopalachari, 68 year-old governor of West Bengal Province, has been appointed governor-general of the Dominion of India, succeeding Earl Mountbatten, who will return to England. The Indian lawyer was an associate of the late Mohandas K. Gandhi.

GOP Convention To Draw Gathering of 5,000 to Springfield

Delegates Won't Draw a Party Platform at Monday Conclave

Springfield, Ill., May 7—(AP)—More than 5,000 Illinois Republicans are expected here Monday for the GOP biennial state convention.

They will hear speeches by Governor Green, U. S. Senator C. Wayland Brooks and other leaders and generally blow off steam in a demonstration of party enthusiasm.

Slated on the business program is nomination of three candidates for University of Illinois trustee in the Nov. 2 election. The conclave also will name delegates-at-large and alternates for the Republican national convention June 21 at Philadelphia.

Won't Draw Platform

Some resolutions will be adopted lauding party bigwigs and accomplishments at both Springfied and Washington. There probably won't be any aimed at shoving Green farther to the national forefront.

Unlike previous conventions, this one probably won't draw up a state platform. Instead, a committee is expected to be appointed to draft a declaration of principles for approval after the national convention.

McCormick Mentioned

Two of the four delegate-at-large posts appear certain for Green and Brooks. Mentioned as possible choices for the other two were James S. Kemper and Col. Robert R. McCormick, Chicago Tribune publisher. Kemper is a Chicago insurance executive and long has been active in party affairs.

Fifty-two of Illinois' 56 allotted seats at Philadelphia were filled in the April primary. The same number of alternates was chosen then.

Mentioned for three of the four alternate-at-large spots are state party chairman Paul Rosenquist, Circuit Judge Julius S. Miner of Chicago and John Leonard East, Cook county chairman.

Parade is Planned

For trustees, the University of Illinois Alumni association has recommended Charles L. Engstrom of Peoria and Dr. W. L. Crawford of Rockford, along with Chester R. Davis of Chicago for reelection.

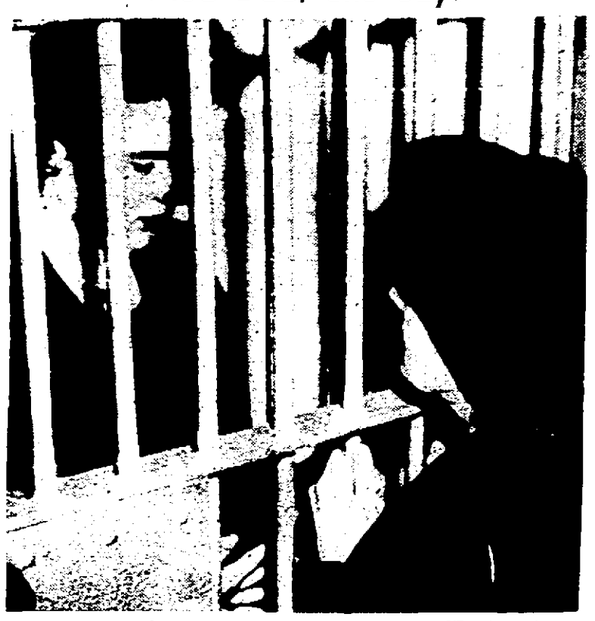

Trustees Martin G. Luken of Chicago and Frank McKelvey of Springfield, whose six year terms expire in 1949, are not seeking return to office. Both are Republicans.

Before the convention starts, a delegation 2,000 strong from Chicago and Cook county plans to parade through downtown streets to the state armory building.

As temporary chairman, Rosenquist will call the meeting to order at 12 noon (CDT), later giving way to Mrs. Mabel Reinecke, permanent convention chairman.

Speeches of Green and Brooks will be broadcast over a statewide radio hookup between 2:30 and 3 p. m. (CDT).

Killed Dad, She Says

(NEA Telephoto)

Seventeen-year-old Frances Korbelik (left) talks with a reporter after reportedly admitting that she shot and killed her father, William, a CIO union head. After the admission, the girl attended her father's funeral. Authorities had been searching for Korbelik since January 10 when he was reported missing from his Wheaton, Ill., home by his wife.

Former Legislator Is Jailed on Conviction By Cook County Court

Chicago, May 7—(AP)—Roy R. Barnes, 53, a state representative in 1930-31, yesterday was sentenced to 90 days and fined $101 on charges of obtaining money under false pretenses.

He was accused of obtaining $350 from his landlady, Mrs. Josephine Loverglio. She testified she gave him the money in an effort to keep her Negro porter, Jesse Chapman, out of jail.

Barnes served in the legislature from Bushnell.

HOLLYWOOD

BY BOB THOMAS

Hollywood — (AP) — Robert Cummings, one of the most ambitious of the star-producers, announces plans for the filming of an adventure drama in the Amazon jungle.

Cummings and Eugene Frenke, who head United California productions, expect to start "Poisonous Paradise" next month near Belem, Brazil. Taken from the South American novel, "Jungle", the movie will be shot almost entirely in a six-week location in the Amazon basin. The company will fly a full crew and cast to Brazil and Cummings plans to join them after he finishes "The Accused". He won't appear in the jungle drama.

Bob has other far-sighted ideas for his company. Of the seven films on the production slate, three are scheduled for filming abroad (in Brazil, France and Sweden).

Red Skelton's proposed summer tour of the nation has been erased by MGM, which has other plans ("Neptune's Daughter") for him. "And I haven't been out of this town since I got out of the army", moans Red. The comic, who expects another child momentarily, will move his family into a Bel-Air home....

Joe E. Brown now has offers to do a television commentary on New York baseball games following his Chicago stint...A male star is understandably happy about a big epic he just finished. He was paid twice for it—first time it was called off just before shooting time two years ago, second when it was finally made.

One hundred thirty seven thousand clergymen conduct the churches of the United States.

Past Noble Grands Install Officers at Oregon on Tuesday

(Telegraph Special Service)

Oregon, May 7—The Past Noble Grands club will install the following officers when it meets at a scramble lunch at 2 p. m. at Rebekah hall Tuesday:

Mrs. Ray Lumsden, president; Mrs. Charles Reed, first vice president; Mrs. Charles Fouch, second vice president; Mrs. John Colson, secretary, and Mrs. Keller Kinn, treasurer.

Mr. and Mrs. Steward Stevens of Rockford will spend the weekend at the home of her parents, Mr. and Mrs. M. B. Frihard.

Miss Helen Thomas will arrive from Hammond, Ind., to spend the weekend visiting at the home of her parents, Mr. and Mrs. John E. Thomas.

Mrs. Martha Crawford of Fresno, Calif., who is visiting at the John F. Putnam home, was entertained at a luncheon Tuesday, by a bridge league to which she formerly belonged, at the home of Mrs. Willis Smith.

Mr. and Mrs. Ray Abrahamsin and family of Hammond, Ind., will spend the weekend at the home of Mr. and Mrs. Harry Spoor.

Mr. and Mrs. Russell Lamb and Mrs. Roy Decker spent Thursday in Chicago. In the evening the Lambs attended the Waa Muu show at Northwestern university.

Mr. and Mrs. John F. Putnam, daughter Martha Metty and Frank Rogers will leave for Hot Springs, Va., on Sunday where they will spend next week at the Industrial Sand convention being held there. Dr. Leila Whitehead spent Thursday in St. Charles visiting her sister, Mrs. S. G. Underwood and Mrs. Virda Sitler.

The final Methodist Family Night program will be held at the church Sunday, starting with a scramble supper at 6 p. m. The moving picture "Beyond Our Own" will be shown for entertainment.

The Oregon Masonic lodge will sponsor a spring dance to be held at the Masonic Temple Tuesday at 8:30 p. m. All Master Masons, their ladies and members of Eastern Star are invited to attend.

Mrs. E. D. Landers returned home Tuesday from K.S.B. hospital in Dixon where she has spent the past two weeks for treatment and observation.

Mr. and Mrs. Carl Kyker recently returned from a trip to Tennessee where they had been visiting relatives and friends.

An Oregon Elementary school birthday tea was held Thursday afternoon at the school building, to celebrate the May birthdays of the following faculty members: Miss Frances Smith, Mrs. Maurice Amsrud, Mrs. John Kearns, Mrs. R. C. Nicholson, Mrs. Floyd Stahl and Miss Flora Blomquist. Hostesses were, Misses Jacquelyn McGuire, Lois Landis and Mary Jane Sharick.

Jackson Decker will come from the University of Illnois Extension at Galesburg to spend the weekend at the home of his parents, Mr. and Mrs. Roy Decker.

Get some small flower pots and wash them well. Fill glass cups with chocolate pudding and place in the pots. Stick a single flower in the top of each. Children will love these tricky desserts.

Slept Twelve Years

(NEA Telephoto)

A victim of sleeping sickness, Mrs. Clara Reynolds (above) catches up with twelve years worth of news after awakening in her Knoxville, Tenn., home.

Don't Worry Over Baby, Says Expert

Cleveland, May 7—(AP)—Don't worry, says a mental hygiene expert, if your baby sucks his thumb or later shows an aggressive attitude toward you.

Dr. Luther E. Woodward, author and field consultant for the National Committee for Mental Hygiene, made these observations yesterday in an address here:

"Baby's sucking his thumb never did anyone any organic damage.

"Society says it is all right for a child to explore and be curious—but about the facts of life. Society says it is healthy for a child to have spunk and to express his aggressiveness—but not against his parents.

"This social pattern is bunk. Parents should let children be hostile and make little of such incidents. A child is hostile before he can clench a fist. So it is perfectly safe for parents to make light of early aggressions by the baby."

Dr. Woodward, author of "Better Ways of Growing Up," spoke before the Family Service Association.

Special Plea Made to Drinking Mothers

Evanston, Ill., May 7—(AP)—Drinking mothers were urged today to observe Mother's Day by taking a pledge of total abstinence from liquor. The appeal came from Mrs. D. Leigh Colvin, president of the National Woman's Christian Temperance Union who called drinking "the enemy to a happy home life."

Progressives Name Two Women on State Ticket

Chicago, May 7—(AP)—The Illinois Progressive party has chosen two women, a blind attorney, a Belleville businessman, and a Benld mine union official for its November state election ticket.

The two women are Mrs. Anita McCormick Blaine, wealthy heiress, and Rebecca Stiles Taylor Negro newspaper columnist, both of Chicago.

Mrs. Blaine and Adam Chura, Progressive Mine union leader of Benld, will run for University of Illinois trustee. Mrs. Taylor will run for secretary of state. Fred J. Nebgen of Belleville is the state treasurer candidate. Donald Hesson, blind attorney of Chicago, will run for attorney general

The Progressive ticket, headed by Henry A. Wallace for president, will be completed later with a nominee for U. S. Senator.

At one time, Curtis MacDougall, Northwestern university journalism professor, was to be the party nominee for this post, but he withdrew, explaining his action was due to "personal obstacles"

After his announcement, a Northwestern dean revealed he had advised MacDougall to withdraw to avoid being "smeared with a "red brush."

Lybyer Considered

The name of another educator, University of Illinois Professor Albert H. Lybyer, 71, was mentioned earlier in the week as a possible candidate for senator on the third party ticket.

He said at a news conference at Peoria Tuesday that he had the proposal "under consideration."

Professor Lybyer is professor-emeritus of history at Illinois.

Mrs. Anita McCormick Blaine, daughter of "the reaper king," yesterday was placed on the Progressives' slate as one of three candidates for trustee of the University of Illinois.

The 82-year-old woman's father-in-law was James G. Blaine, the Republican candidate in the 1884 presidential election. Mrs Blaine's father was Cyrus Hall McCormick, inventor of the mechanical reaper which revolutionized American agriculture

Others Announced

Other members of the state ticket announced by the Progressives yesterday were.

State auditor, Bernard J. McDonough, Chicago, an official of the CIO United Electrical Workers.

Trustees of the University of Illinois, Mrs. Blaine; the Rev. Wilfred Wakefield, Brookfield pastor, and Chura

Grant Oakes, president of the CIO Farm Equipment Workers union, and Harry Diehl, Gibson City farmer and lawyer, previously were named as candidates for governor and lieutenant governor, respectevely.

Here's Arab Line-Up for Palestine Invasion

Awaiting expiration of the British mandate over Palestine at midnight, May 14, are close to 40,000 Arab troops, poised for invasion of the Holy Land Typical components and numbers of these forces are shown above.

Business Mirror

New York, May 7—(AP)—Large milk companies are watching the growing tendency of city dwellers to pick up a quart of milk at the store on the way home from work. As store sales rise, home deliveries drop

The catch there is that the companies sell to the stores at a reduced price. They net a little more from the store deliveries in spite of all the headaches involved in the service.

Several reasons are seen One may be that home deliveries, in New York at least, are now on an every other day basis This requires customers to keep milk longer, and more refrigeration space In small apartments that can be a problem.

Another reason is that more women work now than before the war. They shop on their way home from work and have acquired the habit of getting their milk at the grocery

Some think the trend may be offset if the birthrate continues to rise. They reason that the more babies, the more women will stay at home and want the milk delivered

Of course, the dairy companies are watching Washington even closer. The oleomargarine tax repeal bill will have public hearings May 17 and 18 before the senate finance committee

Another liquid is in the day's news linked with reader interest. Alfred B. Stanford director of the bureau of advertising of the American Newspaper Publishers Association tells the United States Brewers Foundation at its Atlantic City convention that beer ads rank second only to auto ads in newspaper reader's interest.

The United States now has more than 26,000 miles of navigable waterways, with a third having a depth of nine feet or more.

The transportation of oil by water began in the 1860's in the United States.

"Shimmy" Queen Is Not Hurt When She Is Given the Go-By

Sterling, Colo., May 7 (AP)—Gilda Gray won't be at the Sterling high school junior-senior prom tonight, but the former "shimmy" queen doesn't feel too bad about being "stood up" by the school board.

"If the people of Sterling don't want to be educated, it's all right with me," said the fortyish Miss Gray. She pointed out that her dance- the rage of the '20s—had been presented at such institutions of higher learning as Yale, Harvard and Columbia universities.

Besides, she wasn't going as a dancer. She was invited as guest of honor by Carl A. Collins, assistant principal, who has known her for years.

Miss Gray was getting ready to leave the ranch near Larkspur, Colo., where she lives, when she heard that the invitation was cancelled.

Dr J. H Johnson, president of the school board, said it was "ill-advised."

"It seems some members (of the board) object to the word 'shimmy' in the newspapers," Collins said. "Community pressure was brought to bear."

Miss Gray came to the defence of her once-famed dance

"It was an absolutely aborginal dance," she said "I saw the natives doing it when I was in the Sahara desert in 1910."

Hydraulic dredges have pumped dredged material for distances of 15,000 to 20,000 feet discharging it in deep water or behind levees.

SOCIETY

LUTHERAN AID HAS SPRING TEA

About 50 members of St. Paul's Lutheran Ladies Aid and their guests met at the church Thursday afternoon for their annual spring Tea. Miss Eleanor Powell had charge of the devotions and Mrs. Robert Fulton conducted an impressive memorial service for the two members who had passed away during the past year. Mrs. George Baker, Sr., as program chairman introduced Mrs. Wilbur Schreiner who gave several delightful readings, and Mrs. George Stiles who sang three lovely songs, accompanied by Mrs George Curran.

During the business meeting, the president, Mrs. James Traynor, told of plans for serving of the Church League Bowlers banquet May 11th, the Presbyterian Mother-Daughter banquet May 11th and a banquet for the Rebeccas on May 18th.

The beautiful new silver tea service recently purchased by the Aid was used during the social hour. Mrs Traynor and Mrs. William Worley presided at the tea table. Mrs. Clyde Carson was chairman of the hostess committee for the day. Others of the committee were: Mrs. V. Clark, Mrs. F. Fotchen, Mrs. Maude Chiverton, Mrs George Christianson, Mrs. Ray Cramer, Mrs. Bert Crist, Mrs. Curran and Mrs. A. Dogwiler.

C & S CLUB HAD MEETING

Members of The C & S Club of the Church of the Brethren were entertained last evening at the home of Mrs. Galen Myers, with Mrs. Ira Utz and Mrs. Kenneth Dusing as co-hostesses.

In the absence of the president, the business meeting was conducted by Mrs. Myers, vice-president. Final arrangements were made for the food sale which the club will sponsor tomorrow morning at the Dixon Leather Shop, 120 Galena avenue. The sale will be in charge of a committee composed of Mrs. Oscar Smith, Mrs. William Adams and Mrs. Myers, and will start at 9 a. m. Anyone desiring to have food donations picked up should call Mrs. Floyd Floto, Phone R1168, or Mrs. Russell Metz, Phone 8007B.

There was some discussion about the public auction sale which will be held in the future, and those who have articles to donate should contact Mrs. Myers.

The members decided to save pennies during the coming month and they are to be brought to the June meeting.

During the social hour tempting refreshments were served and the meeting adjourned. The group will meet again on Thursday, June 3rd, at the home of Miss Alice Sheller.

PRESBYTERIAN BANQUET

The Presbyterian mother-daughter banquet will be held Tuesday, May 11 at 6:30 p. m., in St. Paul's Lutheran church.

Please make reservations by Saturday, May 8, to one of the following: Mrs. Loel Miley, X1712; Mrs. B. B. Cartwright, Jr., K368; Mrs. Leonard Glenn Y653, or Mrs. John Steele, Jr., Y536.

WA-WO-KYE CLUB

The Wa-Wo-Kye club members will meet at the home of Mrs. Jule Hill, 212 Boyd street, on Wednesday, May 12.

This will be an all day meeting and all members are urged to attend.

ATTEND CELEBRATION

Mrs. Orville Westgor was among the Dixonites who attended the Mothers' day weekend on the University of Illinois campus last weekend.

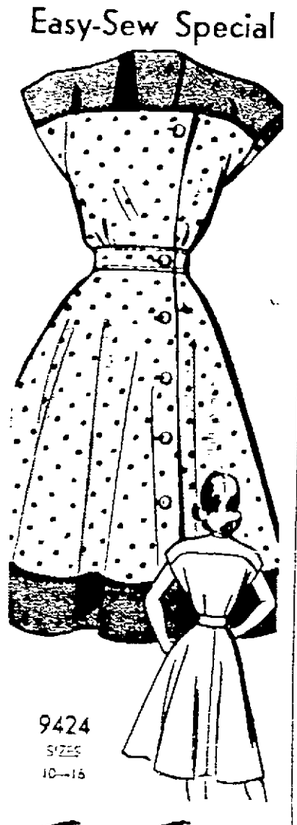

FROM TUDOR HALL

Miss Louise Cannon is enjoying a short vacation from her studies at Tudor Hall, Indianapolis, Ind. Miss Cannon will spend her time in Dixon and Chicago.

The United States has 321,000 miles of pipe that carry manufactured, natural and liquefied gases from their sources to places of application.

Among gifts received by U. S. Presidents were a chair made from a bear's head and skin, given to President Johnson, and an elk horn chair presented to President Lincoln.

Korean Situation Becoming Tighter As Election Nears

Red Supporters Stirring Agitation in Zone Before Voting

By DEWITT MacKENZIE
(AP Foreign Affairs Analyst)

We shouldn't allow ourselves to be lulled into any feeling of false security because the Communist offensive in Europe has been slowed down.

It's important to remember that we are not fighting a one-front conflict, but that the Bolsheviks are striking on many fronts. One of the most dangerous situations is in the Orient where the Reds are pushing their cold war cautiously but persistently.

The agony of China and the critical position in partitioned Korea are part and parcel of the Red world revolution. Moscow is driving hard to secure control of all Korea which from a military standpoint is of the highest strategic value. Its possession might have a decisive effect on the outcome of the Chinese Communist revolution and the domination of Manchuria.

* * *

Early this week Lt. Gen. John R. Hodge, U. S. military commander in South Korea, declared that a Communist government of all Korea undoubtedly would be announced soon by North Korean stooges of Soviet masters. The background for that grim prediction was this:

The Russians who occupy the northern half of the country recently called a "unity conference" to be held in their territory to frame a constitution for a government comprising both northern and southern Korea. Delegates from the American sector were invited to attend. A nation wide election leading to a unified government had been proposed by the United Nations but the Russians rejected this and refused to allow a UN commission to enter their zone. Meantime an election was scheduled to be held under American sponsorship in the southern zone on May 10 to create a new government.

* * *

While two southern Koreans attended the Soviet parley which General Hodges said ought to be called the all-Korean Communist conference instead of the unity conference. The two outstanding delegates from the south were Kim Koo, an avowed rightist, and Kimm Kiu Sic who called himself a liberal anti-Communist. General Hodges said they had fallen into a Communist trap.

Yesterday Kimm and Kim returned from the unity conference which had adopted the constitution for a government to comprise all Korea. And the two came back declaring that their trip fulfilled the expectation of a large number of our fellow countrymen who are longing for the unification of our fatherland. Kimm Kiu Sic was loud in his praise of Russian rule in the north, asserting that conditions there are much better than in the south.

* * *

Kimm said the Russians leave the people alone while in the south the Americans are prone to meddle with everything. The Yankees also trust the wrong people, namely Koreans who learned to be corrupt from the Japanese.

General Hodges made no comment on this unexpected pro-Red clamor. The development can hardly be favorable to the election next week. While the southern zone is said to be predominantly anti-Communist, these statements by Messrs Kimm and Kim are bound to add fuel to the fire already started by Red agitators in the American sector.

So far as one can forecast at this writing the situation boils down to this: Since there isn't the slightest indication that either the Russians or the Americans will withdraw from Korea, the little country must remain divided as is happening in Germany. This means that the occupying powers will have to maintain troops there indefinitely.

The British mint struck 17,000,000 coins from foreign countries during 1933 but only four bronze British pennies were made.

The birds nests used by the Chinese in making soup are about the size of an oyster shell. Thirty-two of them weigh a pound.

Three Die in Plane Crash

(NEA Telephoto)

Detroit residents gape at shattered remains of a Taylorcraft plane that collided mid-air with a PT-13, killing three persons and seriously injuring one. The accident which occurred at 500 feet, sent the other plane crashing into a nearby cemetery.

Ohio Church Group Meets on Monday

(Telegraph Special Service)

Ohio, May 7—Mrs. Roy Brown and Mrs. I. D. Richmond were hostesses Monday when the Loyal Women's class of the Methodist church met in the church parlors.

Mrs. George McDonald of Ioska spent the weekend at the F. J. Blake home.

Gene Enright attended a bowling tournament in Chicago on Sunday.

Mr. and Mrs. John Kessler and son of Skokie spent the weekend at the John Cass home.

Mr. and Mrs. Tony Taylor and son were Friday visitors in Eureka.

Miss Bernice Crannell of Chicago spent last week with Ohio relatives at the home of Mrs. Mary Gibson.

Mr. and Mrs. A. L. Lynch and family of Geneva spent the week end at the home of Mr. and Mrs. Joe Doran Sr. On Sunday Mrs. Doran accompanied Mr. and Mrs. Lynch and family to Davenport to visit Mr. Lynch's mother.

Mrs. Lu Hanser of Chicago spent the weekend at the home of her mother Mrs. Ann Sheehan.

L. D. Coulter spent a few days last week in Chicago.

Mr. and Mrs. Milford Kasbeer and Nancy were Sunday dinner guests of Mr. and Mrs. Frank Pittman.

Friday evening guests at the P. J. Spohn home were Mr. and Mrs. Leo Lauer and Mr. Katherine Hammond of Amboy and Mr. and Mrs. Michael Qualey of Summit, N. J.

Mr. and Mrs. Dale Pickert entertained at dinner on Sunday night Col. and Mrs. Everett Johnson, Mr. and Mrs. Howard Anderson, Mr. and Mrs. Marion Van De Mark, Mr. and Mrs. W. H. Carey and Mr. and Mrs. J. T. Burnup of Princeton.

Mr. and Mrs. Charles Hoffert of Fort Wayne, Ind., were Saturday supper guests of Mr. and Mrs. Frank Pittman.

Mrs. John Friel of Maytown and Mrs. Everett Gugerty and daughter and Miss Marjorie Friel of Dixon visited Saturday evening with Mrs. P. J. Spohn.

Mrs. Frank Spohn and Mr. and Mrs. Frank Fahs visited at the Gib Beams home near Princeton Sunday.

Mesdames Mark Sisler, G. B. Sisler and F. J. Burke spent Friday with Mrs. J. P. Stephens in Walnut.

Mesdames George Anderson and Will Denbo spent Saturday in Sterling.

Mr. and Mrs. Conrad Knuth and Mr. and Mrs. Charles Johnston attended a postmasters banquet in LaSalle Monday evening.

Mrs. Leon Saunders of Dixon is visiting this week at the home of her sister, Mrs. C. J. Kreiger and family.

Mrs. Nicholas Johnson spent the weekend at the home of her daughter Mrs. Glen Piper, in Princeton.

Mr. and Mrs. G. E. Sisler and Betty and Barbara Sisler and Mr. and Mrs. Ralph Sisler and son were Sunday dinner guests at the Marvin Sisler home in Amboy.

Mrs. Russell Anderson and children spent a few days last week at the home of her sister, Mrs. Fergus Anderson.

Mrs. Harold Cohen and son of Chicago visited last week at the home of her sister Mrs. Earl Torrow and family.

Wednesday dinner guests at the A. G. Spooner home were Louis Hoffman of Walnut and Mrs. John Barnell of Burlington, Ia.

Little Barbara Sisler of Walnut visited a few days last week at the home of her grandparents Mr. and Mrs. G. B. Sisler.

Mr. and Mrs. P. J. Spohn spent Sunday evening at the home of Mr. and Mrs. Joe Spohn and family in Dixon.

Mrs. Joe Doran Sr. and Mrs. J. R. Doran attended a shower honoring Mrs. Madlyn Ross Lively Monday night at the home of Mrs. Loval Anderson in Walnut.

Mrs. Mark Sisler and Mrs. Omar Webb spent Thursday in Amboy.

Mr. and Mrs. Virgil Gross of Princeton visited Monday evening at the home of Mr. and Mrs. Ed Lars.

Mr. and Mrs. William Johnson and Mary Clare were Sunday dinner guests of Mr. and Mrs. Lawrence Morrissey at Walton.

Mr. and Mrs. J. V. Keleher entertained at Sunday dinner Mr. and Mrs. H. R. Johnson, J. B. Gugerty, Elmer Johnson, Miss Rita Johnson of Wyanet, Bob Stetson of Neponset, Mr. and Mrs. Frank Johnson of Aurora and Mrs. Will Crannell and Miss Bernice Crannell of Chicago.

Miss Helen Anderson spent the weekend with Miss Corrine Scully at Normal.

Mr. and Mrs. B. E. Gugerty, Mr. and Mrs. Ed Scully and Mrs. M. F. Dunn were Sunday dinner guests of Mr. and Mrs. Harold Johnson at Wyanet.

Miss Agnes Vickome was a Sunday guest at the F. J. Burke home.

John Blake of Galesburg is visiting at the Roy Blake home.

Provide Parking Lot in Mt. Morris

(Telegraph Special Service)

Mt. Morris, May 7—Kable News company has announced it will provide a parking lot for employes cars on ground adjacent to the postoffice in order to relieve a congested parking condition.

Provision of new parking space is expected to free curb space in the business section providing better parking facilities for the convenience of shoppers.

An exhibit of handwork made by Girl Scouts has been on display in the window of Cratty's store. Handbags from oilcloth by the Second grade Brownies, pot holders woven by the third grade girls, dolls braided from yarn and dressed in bright pinafores by the fourth grade girls are a few of the many interesting things on display. Work of the intermediate groups is also represented and many things depicting the work of the Girl Scouts are also on exhibition.

Mrs. Dewey Jacobsen, the former Millie Rouse was admitted to Rockford Memorial hospital for observation and treatment.

Robert Kable and Don Mills represented Kable plant at a clinic for printing executives at Carnegie Tech in Pittsburgh the past week.

Mrs. J. Lang of Perth, Australia and Mrs. W. Harpool and daughter Leslie of Honolulu, Hawaiian Islands, were entertained several days early last week in the home of Mr. and Mrs. Morry Robert.

Walter Berg of Kable plant engraving department is attending a reunion of the army company with which he served in Europe during World War II in Omaha this week.

Mr. and Mrs. George Wilson of Western Springs, Kans., were visitors last week in the home of Mrs. Wilson's mother Mrs. Cornelia Farwell.

Mrs. J. S. Logan was dismissed from a two weeks stay at Deaconess hospital, Freeport, where she received beneficial treatment.

Mr. and Mrs. William William Saunders have purchased one of the new homes in the Carr addition on East Hitt street and plan to move soon.

Mrs. Karl Zastrow and youngest daughter of Chicago visited in the J. H. Ritson home recently.

Junior Women's Club in Mt. Morris Planning Musical

(Telegraph Special Service)

Mt. Morris, May 7—The Junior Women's club spring musical is to be held at the Methodist church here Monday at 7:30 p. m. Mrs. Donald Dusing, club music chairman and Mrs. Harold Long, who are in charge of the program, have announced.

The following musicians will participate: Mrs. Alan Brewer, clarinetist who was formerly with the Women's Concert band at Grant Park in Chicago and studied with D. de Caprio at Northwestern for three years. Mrs. Roderick Kelsey, contralto, is well known in Mt. Morris music circles having taught in the Mt. Morris grade school for five years. She received her bachelor of music degree from Illinois Wesleyan university. At the present time she is director of choirs at the Methodist church.

Donald Horst, tenor, has studied with Mr. Fugmann at Rockford College and is tenor soloist at the Lutheran church.

Arnel Warz, violinist, who is a newcomer to Mt. Morris is already popular in music circles here. He has done trio work in Freeport and played with the Rockford Symphony Orchestra.

Accompanists for the evening will include Mrs. Mose Diehl, Mrs. Worthington Thomas and Mrs. Melville Horst.

HIGH COST OF NEWS

The Associated Press, the world's greatest news gathering organization which serves the Dixon Telegraph today notified us of another yearly increase of a considerable amount. Newspapers as well as all business firms experience frequent increase in prices.

SINUS CATARRH SUFFERERS
FIND CURE FOR MISERY DUE TO NASAL CONGESTION. SUPPLY RUSHED HERE!
Relief at last from torture of sinus catarrh and hay fever due to nasal congestion is seen today in reports of success with a formula which has the power to reduce nasal congestion. Men and women with agonizing sinus headaches, clogged nostrils, earache, hawking and sneezing misery tell of blessed relief after using it. KLORONOL costs $3.00, but considering results this is not expensive, amounts to only pennies per dose. KLORONOL (caution: use only as directed) sold with money back guarantee by

A Thought for Today

Who hath divided a watercourse for the overflowing of waters, or a way for the lightning of thunder . . . —Job 38:25.

* * *

A voice is in the wind I do not know:
A meaning on the face of the high hills
Whose utterance I cannot comprehend.
A something is behind them: that is God.
—George MacDonald

A WORTHY PROGRAM

Father Vernon Jones, who recently came to Dixon to take over the post of rector at St. Luke's Episcopal church, has inaugurated a very worthwhile program by opening the guild hall in the basement of his church as a youth center where Dixon young folks can gather and dance and have fun under auspices that are thoroughly wholesome but will in no way dampen their enthusiasm or repress their natural buoyancy.

Boys and girls, plus a dance floor and music and cokes, are very necessary things in young hearts, and it is nice that they are allowed to find hospitality in Father Jones' church. The idea is getting financial support in Dixon and should get enough to keep it a going and also a growing institution.

War Potential Strong

The report on Russia by the House Select Committee on Foreign Aid contributes to Americans' knowledge of that country and its possible intentions, even though the statistics are not complete or of guaranteed accuracy.

From its apparently careful study, the committee concludes that Russia is now in a position to wage war if the need arises, and that American policy might be seriously wrong in thinking otherwise. To support this statement, the report reveals that the Soviet military budget is up 51 per cent from 1940, when war with the nazis was at least a good possibility.

Russian coal output and industrial production are up to prewar levels, the committee says. Industrial output in the war-devastated regions is off 50 per cent from 1940, but increased production in areas untouched by war has helped bring the total up to former peacetime levels.

* * *

To these disclosures may be added some familiar indications of Russian strength and advantage. Soviet expansion has added productive as well as protective territories to the Communist empire. This is particularly true of well-industrialized Czechoslovakia.

Russia has a great military advantage in her geographical position. In the event of war with America, Russia could march her troops in great number over the doorstep of free Europe. America, even fully mobilized, would still have to carry the bulk of her forces and supplies by ship.

Russia also has a great superiority today in mobilized manpower and in aircraft production. The Reds helped themselves to German brains and German inventions.

On the other hand, there are some obvious factors that detract from the Soviet military potential. The committee report notes current shortages of steel and oil—though, in event of war, Russia could do much to remedy one of them by walking into oil-rich, defenseless Iran.

* * *

While Russia's industrial output may be back to normal, her gross national product is still only about one-seventh of ours, according to the committee figures. And it may be assumed that the industrial inefficiency that has plagued the Soviets so long has not been cured overnight.

Russia had a good harvest last year. But farming is not nearly so mechanized there as here. In case of war, farm work would keep millions from more directly military activities. The committee also states that the Russians are hampered by a shortage of transportation facilities.

Then there is the big question of guided missiles, and the bigger question of atomic weapons behind the iron curtain.

From the available knowledge, it appears that the Soviet Union, mighty as it is in many ways, is also vulnerable in some vital spots. At the same time, the speed and direction of Russian recovery suggest that there may be danger in the calm assumption that Russia could not go to war within five years. They also suggest the danger of gearing the speed of our own defense preparations to that assumption.

State To Have Record List of Ag Fairs in '48

Springfield, Ill., May 7—(AP)—A record number of 90 agricultural fairs will be held in Illinois this year, the state agriculture department said today. The previous high was 82 in 1947.

The Washington county fair, July 1-3, at Ashley and the Will county fair, July 1-4, at Monee will open the 1948 season. The state fair is set Aug. 13-22.

County or community expositions will be held for the first time this year at Virginia, Cass county; Fisher, Champaign county; Chicago; Rosiclare, Hardin county; Litchfield, Montgomery county; Waterloo, Monroe county; Griggsville, Pike county, and Georgetown, Vermilion county.

Rail Strike To Bring 250,000 St. Louis Idle

St. Louis, May 7—(AP)—A nation-wide railroad strike would cause layoffs in the St. Louis area totalling between 200,000 and 250,000 employes, Chamber of Commerce President George Smith estimated today.

Big industries have no reserve supplies of coal since the recent coal strike, Smith said, and if the railroad stop running there will be no way to bring sufficient amounts into the area to continue operation.

Smith predicted manufacturers dependent on iron and steel supplies would feel the pinch first. A strike, such as is scheduled for next Tuesday morning, would cost local business firms hundreds of thousands of dollars a day, he said.

As Pegler Sees It

By WESTBROOK PEGLER

(Copyright, 1948, by King Features Syndicate, Inc.)

Some of Henry Wallace's adherents have acknowledged his implication in the Roerich cult to the extent of saying "yes, Henry believes in God. What of it?"

It was impossible for Wallace to deny his involvement. The records of the department of state and agriculture, of the New York Supreme court and the internal revenue would make a liar of him. That is why he tried to ignore the goofy guru letters transmitted to Nicholas Roerich and collateral gibberish which reflects a peculiar mental condition in the writer, whoever the writer was.

It was not a helpful service to say "yes, Henry believes in God. What of it?" Because the god involved here was Nicholas Roerich, the Russian painter, magician, table-tapper, snake-charmer, guru pundit, swami, and hypnotist. Louis Horch, Wallace's friend and associate in esoteric adventure, finally admitted that he and others thought Roerich was God. But Henry can't admit that. He looks silly enough already. Still the guru letters which turned up in the 1940 campaign certainly indicated a like delusion on the part of their author. They were "attributed" to Wallace at the time and caused a great commotion in Democratic national headquarters.

* * *

Wallace has tried to settle the question by ignoring it to death. But he can't get away with that because records exist which prove that he showed a silly faith in the squinty-eyed, politico - mystical moocher by ignoring and bypassing the State department. The State department had a long record on Roerich, and, if consulted, would have rejected him as a representative of the United States in a foreign land. Wallace sent him to China and Inner Mongolia ostensibly to collect grass seed but actually on a mission to mess in Asiatic politics and strut his seeming of divinity which appears not to have impressed the Orientals as deeply as it impressed a lot of parvenus and political bleeding hearts on Riverside drive, New York. The State department notified several of its men in Asia not to bespeak any consideration for Roerich because he was not an American and we did not guarantee his intentions. Nevertheless, Roerich and his son, George, went their way for Wallace, first to Japan, then to Manchuria, on credentials from the Department of Agriculture These papers might impress an occasional baggage porter, but politics was rife in Asia and alert skeptics observed at a glance that the guru was traveling on box-tops and soap-wrappers.

Although neither Pop nor George was represented to be a botanist, Wallace put Pop on a payroll for $5,600 a year and George for $4,600 plus expenses. Long afterward when he thought he was safe from exposure, Wallace admitted that he had hoped to achieve a permanent place in history through his sponsorship of ceremonies in Washington in November, 1933, known as the third international convention of the Roerich pact and banner of peace. This was a publicity hoax. Wallace not only fell for it, but put F. D. Roosevelt into it as a stooge for the guru's press agent.

* * *

Henry thought the guru was revered by the unwashed millions of Asia and so would protect the grass seed mission. The American botanists selected for the actual work were Dr. Howard G. MacMillan and James L. Stevens. Without interference, they probably would have done their work quickly and come home with the seed. They wanted no mystical protector. But Wallace made them inferior to Roerich and Roerich pulled a fast one on them by going on ahead. Henry was running it all on the sneak. None of them wanted MacMillan and Stevens to get close enough to Roerich to see what he was doing in Wallace's name.

In one of the guru letters there was a mysterious reference which may be less mysterious now. It said, "The destination of the guru is not yet known to W but may become known at any time. Premature statement here might prejudice the position of the guru and myself."

In the code which accompanied the letters, "W" stood for Wavering one, meaning Roosevelt. Decoded, the passage meant that Roosevelt did not yet know where Roerich was going. He would have raised unshirted hell had he known that Henry Wallace, in agriculture, was sending a political agent to Japan and to Manchukuo, the puppet kingdom organized by the Japs which we did not recognize at all. To our State department, the Emperor Pu Yi, created by the Japanese, was just another China boy.

Henry's guru lit running when his boat touched Japan and, as official representative of that driveling slob from behind the barn, the American secretary of agriculture, Roerich made an official call on the imperial minister of Manchukuo.

* * *

The Roerichs, father and son, stirred up a lot of publicity in Tokyo. They were to have waited there for MacMillan and Stevens but they were keeping a jump ahead so they hauled out for Manchukuo on May 25, 1934, with visas from the Manchukuoan minister. Roerich left a note for MacMillan and Stevens, ordering them to present themselves to a Mr. Taubokami and a Mr. Ma at the Emperer Pu Yi's legation. Instead, they called on the American consul-general, a Mr. Garrells, who had heard of Roerich through his publicity but did not know he represented the American government. Mr. Garrells directed them to Dairen, the seat of the Japanese Kwantung, army where they reported to the American consul, who guided MacMillan and Stevens, avoiding all contact with the officials of Manchukuo.

Arriving in Manchukuo, Roerich got an audience with Pu Yi and, with ridiculous pomp, in the name of his excellency, Mortimer Sherd Wallace, hung around the poor Chink's neck the "insignia of the first class of the Roerich museum" plus the conventional symbol of the hock-shop the world over, the sign of the three balls, which has been adopted as an original device on the Roerich banner of peace. All this was done in formal recognition by the U. S. department of agriculture of "Pu Yi's resplendent merits in the field of culture."

When MacMillan and Stevens came tagging along they were flummoxed. A handbill was hastily kicked out on a political job-press in Manchukuo glorifying Roerich. A typewritten copy of this blew back to Washington bearing this notation by Prof. MacMillan: "The English language is but a fumbling medium for what the professor wanted to say about himself."

The Empire State Building in New York City has 50 miles of permanent pipe for water and steam.

An all-time record of 95 million tires and 79 million tubes were produced in the United States in 1947.

Deaths

Suburban—

FRENCH KOSIER

French Kosier, 68, of Sterling, father of Mrs. Olaf Benson of Dixon, passed away early Thursday morning at the Sterling public hospital, which he entered Tuesday, after an illness of three years duration. Funeral services will be held at the Melvin funeral home in Sterling at 3:00 o'clock Saturday afternoon, the Rev. S. B. Johnson, pastor of the Sterling First Baptist church, of which he was a member, officiating. Burial will be in Riverside cemetery.

Mr. Kosier was born June 16, 1879 in Knoxville, Knox county, Tenn., the son of John and Sadie Kosier. He had resided in Sterling the last 37 years and was employed by the Frantz Mfg. Co. for 25 years.

Mr. Kosier and Almeda Miller were united in marriage August 5, 1905, in Knoxville, Tenn. To this union nine children were born. Surviving with the widow are the following children: Mrs. Olaf (Margaret) Benson of Dixon, Mrs. Frank (Earlena) Barge, Mrs. Glenn (Garnet) Hoffman, Truman, Ralph, Cecil and Earl Kosier of Sterling and Carl Kosier of Berwyn. A daughter Ruby passed away September 25, 1941.

Also surviving are three sisters, Mrs. Ruth Wright, Mrs. Elizabeth Bere and Mrs. Nellie Barnum of Sterling. Mr. Kosier was preceded in death by his parents, one sister and one brother, Mrs. Edith Gregory in 1936 and Arthur Kosier on April 21, 1948.

DR. HERBERT PETTITT

Dr. Herbert L. Pettitt, 72, former assistant state director of public health, passed away early Thursday morning at his home in Morrison, after an illness of over a year's duration.

Dr. Pettitt, a physician and surgeon in Morrison for more than 40 years, was influential in Whiteside county politics, and was chairman of the Republican county central committee for several terms.

He was born June 19, 1875, in Rock Falls, attended the Chicago college of pharmacy and later received his medical degree at the University of Illinois in 1906.

He was past president of the Morrison Rotary club, a Mason, a first lieutenant in the medical corps during world war 1, president of the Whiteside Tuberculosis Society for the past 10 years and assistant Illinois state health officer from 1941 to 1942.

During World War 2 he was chief medical officer of the Illinois war council.

Funerals

Suburban—

ALLEN T. BUISKER

Forreston, May 7— The funeral of Allen T. Buisker, 73, who died of a heart attack at his home Thursday, will be held at the home at 1:30 o'clock Monday afternoon and at the Forreston Grove Presbyterian church at 2:00, the Rev. T. E. White, pastor, officiating. Burial will be in the Forreston Grove cemetery.

Mr. Buisker, a life-long resident of Forreston, was born on a farm three miles southwest of here June 9, 1874 and lived there until 1923, when he moved to the village. He is survived by his widow; two daughters by his first marriage, Mrs. Harold Longman, Mount Morris, and Mrs. Walter Koeller, Freeport; six grandchildren; two great-grandchildren and a brother, Fred, Forreston.

Operation America May Be Begun Soon

Bangor, Me., May 7 (AP)—Communists will start "Operation America" as soon "as they feel that they can win in a conflict against us," Gen. George C. Kenney said today.

"It is no longer necessary to ask if we think there is a danger of war," the commanding general of the Strategic Air Command said in an address prepared for the Maine Federation of Women's clubs.

"We are the obstacle in a struggle for world dominion," he said. "We are the primary target for attack. Defeat the United States and the world is at the mercy of the conqueror."

General Kenney said the nation's immunity, guaranteed by two friendly oceans thousands of miles wide, is no more.

"He who controls the air controls the destiny of the world," he said.

The atomic bomb cannot be set up "as our sole defense," he said.

"Common sense will tell us that the Communists already have the bomb or will have it shortly," he added. "It may already be later than we think."

Green in Spotlight in Capital Monday

Springfield, Ill., May 7—(AP)—Governor Green will be in the spotlight Monday at the Republican state convention.

Because he is to be national GOP convention keynoter, Green's speech to the Illinois party conclave is taking on added significance. More than 5,000 Republicans from all parts of the state are expected to be on hand to hear his talk and addresses by U. S. Senator C. Wayland Brooks and other party leaders.

Chief business will be nomination of three University of Illinois trustees for the Nov. 2 election and selection of delegates-at-large to the national convention June 21 at Philadelphia.

Resolutions endorsing Green's state administration and his bid for re-election are expected to be adopted at the state gathering.

Although he is a "favorite son" presidential candidate, delegates probably will refrain from formal action boosting Green as a national figure.

The governor is said to disapprove any move of this nature in the belief it might reflect on the neutral role he assumes as national keynoter and temporary chairman.

Gun Fires Accidentally; Girl, 10, Killed by Shot

St. Louis, May 7—(AP)—Ten-year-old Yvonne Darling Whaley was shot and killed last night when a .22 caliber rifle fired accidently as Vack Struble, 13, picked up in his trailer home, Deputy Sheriff Charles Adams related.

Adams said Yvonne was playing in the trailer with Vack's sister, Mary, 15. The boy placed the rifle against a sink after shooting at cans in the trailer yard. Later when he went to pick up the gun, it fired as he touched it, Adams said. The bullet struck the girl in the left temple.

XXVI

THEY sped swiftly through the streets, empty today save for the sparse Sunday traffic. Charlotte sat beside Roger, Patience behind them. The two in front spoke very little. Patience wondered uneasily what was wrong with them. They didn't seem to be getting along very well. Last night too she'd noticed that Charlotte had been singularly irritable. Was it that they were growing tired of each other? That each had found someone else?

They turned in at the wide gates of the airport and Patience saw the 'plane waiting on the tarmac. As she followed Charlotte aboard she knew a moment's wild panic.

"Scared?" asked Roger.

"A little."

"For heaven's sake, Patience, don't get nerves," said Charlotte sharply.

Patience pulled herself together. She settled down in her seat. The steward put the strap around her.

"What's this for?" she asked anxiously.

The man smiled at her.

"Only just for taking off and landing, miss."

Patience gave a little shudder. "I don't think I'm going to like it."

But she found she was wrong. In a very few minutes, once they were airborne, her initial nervousness vanished. She sat forward eagerly, looking out of the window, at the country spread below her like a variegated carpet.

"You'd soon get used to flying if you were in the States," said Charlotte. "One just goes by 'plane as a matter of course over there. It's so much quicker. Remember that first trip, Roger, down to Washington?"

Roger chuckled.

"I do. And that party we went to when we got there."

THEY were sitting next to each other. Their heads moved nearer together. Patience caught an odd sentence now and then. They seemed to be getting on better together.

Patience told herself she was glad. Only , no, of course she didn't feel a pang! Why should she?

"There's the sea, Patience."

Charlotte was smiling at her warmly, quite her gay self again.

"Oh Charlotte, it's so thrilling."

And now they were crossing the coast. She could see the white surf of the waves breaking against the sands. France!

At last they were circling Le Bourget. A few moments more and they were taxiing along the ground.

Patience stepped out onto foreign soil and looked eagerly around her.

"I feel there should be a band playing the Marseillaise," said Roger.

"There is. I can hear it," Patience insisted.

They went through customs quickly and then took a cab straight to the Royale.

The hotel took Patience's breath away. She followed Charlotte across the richly-carpeted foyer to the reception desk, trying to look as if traveling abroad was something quite usual for her.

It was the first time she'd signed a hotel register. She thought for a breathless moment: "If Aunt Helen could only see me!" The man handed her her key.

"Numero quarante-sept, Mademoiselle."

"Thank you."

"We'll wash and re-do our faces and then see Paris," said Charlotte as they went towards the lift.

* * *

PATIENCE'S room was next to Charlotte's. It had a bathroom leading off it. She stood at the long window overlooking the busy street and marveled that she should be there at all.

She heard Charlotte moving about next door and quickly unpacked her suitcase. Once ready she went in to collect her, only to find her still at her dressing-table.

"Darling, do be quick. I'm longing to go out and see everything," she said impatiently.

"Go along down, I won't be a moment."

Roger was waiting in the lounge for them.

"Charlotte's just coming," said Patience.

"The hours I've waited for Charlotte!"

"She won't be a minute."

She was 15. By the time she arrived they'd planned the remainder of the day. Subject, of course, to her approval. Champagne cocktails right now at the Cafe de la Paix. Lunch in the Bois de Boulogne. A run out to Versailles where they'd have tea. Back again to change for dinner. "With a quickie at the Dome beforehand," put in Roger.

It all went according to plan. And for Patience it was sheer enchantment.

They were at the Dome and saying it was time they went back to change for the evening when suddenly Patience saw Charlotte raise her hand in greeting. She looked round to see Dwight Brueden coming towards them.

"Hello," he said, smiling down at Charlotte.

"Hello, Dwight."

Roger looked at him.

"What are you doing over here?" he asked, more too enthusiastically.

"I'm just over on business. I'm going back tomorrow."

"So are we," said Charlotte. "Where are you staying?"

"At the Royale."

"We're there, too," said Patience, and wondered if Dwight knew this already.

Charlotte hadn't really seemed so very surprised to see him. Was it possible that she had been expecting him? That it had been arranged between them beforehand?

50
YEARS of ATTENTION to Dixon FAMILIES

Anyone who serves the public must rely heavily upon the great teacher—experience. This is particularly so in funeral service—where the wishes of each family must be met to their entire satisfaction . . . We would be less able to anticipate your needs were it not for our fifty-year experience in serving the families in this community.

1897 - - - 1947

Mother's Day

If you can find anythinything that will please Mother more than having dinner at the Nachusa Dining Room, we have yet to hear of it. Make your reservations now for Sunday and treat Mother and the family to the best dinner ever.

Mom and the family will love eating here . . . and Mom will love you that much more for being so very thoughtful of her.

PHONE 64

At once and make your reservations so she won't be disappointed.

— May We Suggest —
That you make arrangements to eat between 12:00 and 12:30, or at 1:30 or after. In this way needless waiting can be avoided and we will be able to serve you better.

THE
Nachusa Dining Room

President George Washington while in office received such gifts from citizens as apples, cheeses, Jerusalem artichokes, flower roots and Spanish swords.

Statisticians estimate there is a mile of railroad for every 4,508 persons in the world.

Developments

(Continued from Page 1)

granted wage increases of 24 cents an hour: similar pay hikes had dissolved threatened work stoppages by a sixth private transit company and by some 40,000 workers on city-owned lines.

AVIATION—The Boeing Airplane Company rejected a federal conciliator's invitation to collective bargaining negotiations with present representatives of its 14,500 striking workers. The company president said the walkout by the International Association of Machinists violated the existing contract.

Local Briefs

New Highway Maps Out—

A supply of the official highway map for 1948 prepared by the division of highways, has been received at the Evening Telegraph office and may be obtained upon application.

To Plan Celebration—

Chairman Lyle Melvin has called a meeting of the activities committee of the Dixon Chamber of Commerce to be held at the Chamber offices Monday evening at 7 o'clock. Plans will be made at that time for the annual Fourth of July celebration program.

C. C. Directors to Meet—

President Harold Cook of the Dixon Chamber of Commerce has called a meeting of the board of directors to be held Monday evening at the Robert L. Warner cottage in Grand Detour. Dinner will be serve at 6 o'clock to be followed by the business meeting.

Condition Is Serious—

Thomas Stokes, former Dixon resident, yesterday submitted to major surgery at the Milwaukee, Wis., hospital. Word received in Dixon this morning indicated that his condition was considered quite serious although he was said to have spent a fairly comfortable night.

Is Among 262 Seniors—

John Tracy Jamison, son of Mr. and Mrs. William H. Jamison, 504 Brinton avenue, Dixon, is one of a class of 262 seniors at the University of Wyoming at Laramie, Wyo., who are candidates for bachelor's degrees. The honors will be bestowed at the annual spring commencement on Monday, May 31.

Licensed Here to Marry—

Marriage licenses were issued yesterday to Robert G. Ewurs and Gladys M. Marshall, both of Dixon, and to Robert E. Meyer, Princeton, and Sarah I Dichireco, Dixon, in the office of County Clerk Sterling Schrock.

Orthopedic Treatment—

The orthopedic treatment center will be held at the Lee County Health department office, 123 East First street, on Monday, May 10 at 1:30 p. m. Miss Iva Hensel, R.N., physical therapist, of the division of services for crippled children will be assisted by a member of the Dixon Service club.

Posters Are Canvassed—

Judges today started canvassing the entries received by the Dixon Chamber of Commerce from grade school children, who made posters for Dixon's clean-up week. The three judges, Mrs. Ethel Buchner, Charles Engle and Leo Ebert are judging the several entries and will announce the winner the first of next week.

New Dixon Corporation—

Secretary of State Edward J. Barrett today issued a charter to the Oil Transport Co. of Dixon. The articles provide for 2,000 chares of common stock, par value at $5.00, and Gunder A. Torstenson, John C. Roe and John C Faulkner are listed as the incorporators and the law firm of Dixon, Devine, Bracken & Dixon as correspondents. The firm is empowered to own and hold real estate, etc.

Cattle Bring High Price—

George and John Althaus of Lee county had cattle at the Chicago stock yards this week which brought one of the top prices of the day. George Althaus had 60 head, averaging 1125 pounds per head, while John had 53 head, averaging 1175 pounds. Both shipments of cattle sold at $31.75 per hundredweight at the day's trade. Market officials said the top price for cattle for the day was $32.25.

Aid Commission Reports—

Old age pension allowances were received by 126,505 persons in Illinois during April. Carl K. Schmidt, Jr., executive secretary of the Illinois Public Aid Commission reported from his Springfield office today. In Lee county, 428 recipients received $18,144; in Ogle county, $18,645 was paid to 465 recipients; in Bureau county, $33,374 was paid to 764 recipients; in DeKalb county, 429 recipients received $19,377 and in Whiteside county, $30,185 was paid to 702 recipients.

Among High Scorers—

George Albert Wagner, seaman, USN, of 311 East Center street, Mt. Morris, is one of 276 candidates with the highest score in the Navy Marine Corps enlisted personnel on active duty, selected by the Bureau of Navy Personnel for entry as a regular student into the Naval Reserve Officers Training Corps in the 1948 fall college term. The selectees will be assigned to the 52 colleges where units of this corps are established. the assignment of the candidates will be governed by the candidate's rating.

F.F.A. Activities—

The Dixon high school F.F.A held its regular meeting yesterday. Plans were made to enter an F.F.A. baseball tournament at Morrison and the state judging contest to be held in June was discussed. Bob Morris was presented with the DeKalb award for superior work in agriculture. Members also heard a talk by Mr. Harms of the Borden factory on the proper method of producing Grade A milk.

Explorer

Detroit, May 7—(AP)—Four-year-old Garry Nichols thrust an exploratory foot into a drain pipe yesterday. It stuck there.

Unable to free the youngster, firemen finally dug up the pipe and carried it and Garry to a nearby hospital, where doctors freed the foot. Garry suffered only a few bruises.

Baker Says State's Delegates Must Vote for Bender at Phila.

Chicago, May 7—(AP)—William J. Baker unsuccessful Republican candidate for U. S. senator, said today that the Illinois GOP Delegation "is obliged" to support Riley Alvin Bender, Chicago hotelman, for president.

He said that because Bender received 324,000 votes April 13, as the only Republican candidate for president in the state GOP's presidential preference balloting, Bender "according to the rules and regulations is the choice of the voters of Illinois."

The presidential voting generally has been interpreted by state officials and others as advisory only, and not binding on delegates.

Baker, a plumber, lost the senate nomination by 653,000 to 123,000 to the incumbent, C. Wayland Brooks.

Baker made public his views in a letter to the National MacArthur for President Clubs. In it he said he was declining an invitation to support Gen. Douglas MacArthur for president because he believed Bender is "the formal candidate of the state of Illinois."

Seeks Long Range Wild Life Conservation Plan

Washington, May 7—(AP)—Senator Wilson (R-Iowa) proposed today that wildlife conservation measures be included in long range farm legislation under study in the senate.

He said in a statement:

"Conservation of wildlife is so closely related to agricultural pursuits that it should be an integral part of any long range farm plan."

Wilson submitted to the senate agriculture committee, of which he is a member, a series of amendments to encourage farmers to work with state and federal agencies in restoring and conserving wildlife habitats on their land

He said this would help give cover for wildlife in all farming areas specially in heavily cultivated regions where it is scarce.

Coal Production in Week Above Average

Washington, May 7—(AP)—Soft coal production for the week ended May 1 moved up to a little better than average, with 13,790,000 tons produced, the National Coal Association estimated today.

This compared with 11,352,000 tons produced in the week ended April 24 and 7,730,000 tons for the week ended April 17, when miners were just returning after their walkout.

Bituminous production in the nation from January 1 to May 1 totaled 175,717,000 tons. In the same period last year it was 212,964,000 tons.

15 Pct. Decrease in Cattle on Feed Here

Washington, May 7—(AP)—Illinois showed a 15 per cent drop in cattle it had on feed as of April 1 in comparison with a year ago the agriculture department reports

Missouri and Kansas had 30 per cent, while Iowa fell off 28 per cent.

For the five states of the eastern corn belt—Ohio, Indiana, Michigan, Illinois and Wisconsin—the downtrend in cattle on feed averaged just 15 per cent.

Radio Announcer Has Heard Everything Now

Philadelphia, May 7—(AP)—Ed Hurst, announced on a radio giveaway program, says he's heard everything now.

Hurst said he telephoned a Philadelphia housewife and told her he was prepared to send her a radio-phonograph combination valued at $130 if she could answer the question he was going to ask her.

"I'm right in the middle of my housework and I'm not in the mood to answer any questions," the woman snapped as she hung up.

Hair Pullers?

Oakland, May 7—(AP)—Girls just will be hair pullers—and with astonishing results.

Police broke up a gang fight yesterday involving 350 pupils of Frick and Elmhurst junior high schools by nabbing the leaders—and these weapons:

Two sawed-off baseball bats, four two-foot lengths of pipe, one bicycle pedal fashioned into brass knuckles, one butcher knife, and a dozen small metal bars.

The trouble started after a hair-pulling by two girls at an all-girl track meet between the two schools.

State Medical Assn. Will Meet in Chicago

Chicago, May 7—(AP)—The Illinois State Medical Society will open its 108th annual meeting here Monday with 9,000 physicians expected to attend.

Dr Irving H. Neece of Decatur, retiring president, will open the meeting with a talk on "Medical Trends in a Changing World".

The meeting, which will continue through Wednesday, will feature latest improvements in diagnostic procedures, medical treatment and surgical techniques.

Subjects will cover uses of modern drugs and the medical possibilities of radioisotopes—a by product of atomic energy.

Past presidents of the society will be honored at the annual dinner Tuesday. Physicians who have practiced 50 years or more—there are more than 500 in the state—will be honored at the fifty years club luncheon Wednesday noon.

More Czechs Flee in Commandeered Plane

Erding, Germany, May 7—(AP)—Five Czechs said today they fled their homeland in an airliner, forcing the pilot at pistol point to land them in Germany. Two of the refugees are young women.

As they told their story, Yiri Benes, Czech vice counsul in Munich, disclosed that a Czech training plane crashlanded Wednesday on a highway near Ingolstadt. It was piloted by another man fleeing his country. In all, three Czech planes have landed in the U. S. zone of Germany with refugees since the communist coup in February.

The airliner passengers said they fled Czechoslovakia Wednesday because they were being compelled to join the communist party or lose their jobs. The leader was a former Czech air force pilot. He said he was ready to take over the controls if the pilot had refused to change his course. All asked that their identities be kept secret.

Cabinet Maker Goes to Trial for Murder

Valparaiso, Ind., May 7—(AP)—Selection of a jury for the first degree murder trial of Joseph Muscarello, 34-year-old Chicago cabinet maker charged with strangling Irene Shawsky, also of Chicago, was under way in Circuit court today.

Judge Walter Crisman ordered a special panel of 125 when it became apparent that the state's insistence on the death penalty would cause a number of prospective jurors to decline to serve.

Miss Shawsky's body was found Jan. 27, 1947, in a swamp on the outskirts of Gary.

Royall Will Address NEA Meeting Today

Pinehurst, N. C., May 7—(AP)—New methods of advertising, employes group insurance and affiliated topics were discussed today by members of the National Editorial Association.

Here for their 63rd annual convention, NEA members from more than a score of states went into business sessions after hearing talks last night by newspapermen from New York and Washington, and by Governor R. Gregg Cherry.

They will conclude today's activities with a speech by Army Secretary Kenneth C. Royall.

Atomic Injury Study Ended by Physicians

Chicago, May 7—(AP)—Sixteen physicians today completed the first medical course in the nation designed to teach them how to prevent and treat atomic radiation injury.

The students were physicians representing the army, army air force and U. S. Public Health service. The six months course was given at the University of Chicago's institute of radiobiology and biophysics.

The physicians who took the course will organize their own courses for other doctors

Two More Companies In Tri-Cities Struck

Moline, Ill., May 7—(AP)—CIO Electrical Workers have voted to strike Monday against two more factories in the tri-city area unless a 15 cents hourly wage increase is granted.

Union officials said yesterday 160 employes of the Herman Nelson Corporation's two factories in Moline had voted for the strike.

Meanwhile, a strike of the same union continued at Eagle Signal company factories in Moline and Davenport. It affects 200 workers.

Closing Arguments

(Continued from Page 1)

Pires outlined the "split" as the Meyers had given it in their testimony charged that extra revenue stamps were purchases by William Meyers to cover the extra money "because Prescott told him to," and asked why Prescott did not appear when the deal was settled in the Dixon National bank. "He didn't show up," he said. "He sat right over in his office . . . until the Meyers came with the money."

He asked why, if Prescott's intentions were honest, he went to the Meyers.

"Knew the Meyers"

"No, Prescott has lived in this community all his life, and he knew what kind of people the Meyers were. Of all real estate agents in this city, why did he go to the Meyers?"

Mark C. Keller, first of Prescott's counsel to address the jury, attacked the phraseology of the indictment against the defendant, and asked the jury, "you will not change your opinion on the testimony of the Meyerses, will you?"

"Convicted Criminals"

He characterized the former real estate agents as "two convicted criminals" and liars, and charged that the state had not proved its charges.

Referring to Pires' blackboard outline of the "split" alleged by the Meyerses, Keller commented: "Beautiful figures, but they don't mean anything to me." He told the jury: "I'm asking you to dispose of this on the law and the evidence."

Prescott's case closed yesterday with his brief testimony, later denied by the Meyerses, and the parading of 24 character witnesses to the stand.

They included Paul Hutton, A. H. Lancaster, Dr. A. M. Moore, Mayor J. Fred Hofmann, Joseph E. Vaile, John C. Roe, Fred Wagner (Ashton), Richard Joslyn, F. X. Newcomer, Homer Senneff, Donald Raymond, Sterling D. Schrock, Fred O'Hara, Dr. W. A. McNichols, Bruce Whites, David G. Moore, Miss Mollie Duffy, Clinton Emmert, Edward Hill, Kenneth Mall, Paul Sodergren, Dr Raymond Worsley, Joseph M. Brady and E. S Rosecrans.

Prescott's Testimony

Prescott said yesterday he was unaware of any variances in the price of the land until he received the state's check for it. He said that when he delivered the check to Leroy Meyers, the realtor asked: "What am I going to do now? I have an agreement (with the Hansons) for $35,000." That was also his first knowledge, he said, that the Hansons had signed an agreement with the Meyerses listing the farm for $35,000.

He denied talk or plans of any split arrangements with conservation department officials, and said that "not one cent" of the $2,580 given him went to "the boys in Springfield."

The Meyers previously had said that Prescott had referred to Livingston Osborne, state conservation director, Sam A. Parr and Robert Sparks as in on the deal.

Large crowds fill the courtroom and corridors yesterday. Mrs. Prescott, who has appeared at most of the sessions in the trial, was on hand again this morning.

Flynn's Studio Says He Took Wrong Plane

Hollywood, May 7—(AP)—Nora Eddington Flynn left for St. Louis by plane today to overtake her actor-husband, Erroll.

Flynn took the first flight out of town yesterday with a photographer friend, Peter Stackpole.

Some people said a spat between Flynn and his wife preceded the quick jaunt to Columbia, Mo., but this was denied by Nora's mother.

A studio spokesman said "it was just a mistake and he got on the wrong plane."

Bull Fight

Tokyo, May 7—(AP)—They are going to have a bull fight in Tokyo, but it'll be strictly Japanese style, senors.

There will be no picadors, matadors, capes, banderillas and other impedementa of Spain's national pastime, according to Japanese custom.

The fight will be staged May 15 by the Japan Cattle Breeding Association and the public isn't invited, because public bull fights are illegal in this country.

Here's how it goes. The bulls enter a ring, lock horns and shove each other around. Anything goes—gouging the eyes, elbowing, backhanding, etc.—but the first to fall or retreat is whipped.

To be sure the loser is disgraced. But he is alive, which is more than you can say for a bull who loses in Spain.

Oil Compact Group Paints Dark Picture

Chicago, May 7—(AP)—The Interstate Oil Compact Commission today estimated that domestic demand for petroleum products will increase 7.4 per cent and the export demand decrease 7.1 per cent the year ending next March 31.

The commission's economics advisory committee said in a report that "the industry will be required to exert maximum efforts to increase supplies during the next 12 months, and consumers x x x should continue their efforts toward economy and more efficient use."

The report gave these conclusions for the year beginning April 1:

Domestic demand will average about 6,000,000 (M) barrels daily.

A daily addition of 75,000 barrels, or a total of 28,000,000 (M) for the year will be required to bring stocks up to demand levels.

"Production required to meet demand will average 5,550,000 barrels daily of crude oil, and 410,000 barrels daily of natural gas liquids, with an increase during the period to 5,625,000 (M) barrels and 420,000 barrels daily, respectively, for the first quarter of 1949."

Sweden, Luxembourg Qualify for ECA Aid

Washington, May 7 (AP)—Sweden and Luembourg today qualified for Marshall plan aid, and aid shipments exceeding $4,000,000 were approved to four other countries—Denmark, Austria, Greece and the Netherlands.

Twelve of the 16 European Marshall plan countries now have filed "letters of intent" pledging full participation in the mutual-aid effort. They are needed to qualify. China also has qualified to start receiving her share of recovery goods

The allocations approved by ECA Administrator Paul G. Hoffman today bring to $110,629,337 the total aid authorized so far under the $5,300,000,000 European program. The figure does not include ocean transportation costs estimated at $5,851,000.

To Seek Order From Court To Evict Trio From Lemont Project

Chicago, May 7 (AP)—The government plans to ask a court eviction order Monday against three property holders on the site of the new Argonne Atomic research laboratory near Lemont.

Clarence W. Beatty, Assistant U. S. prosecutor, said he would ask that the three be ordered to show cause why they should not be held in contempt of court. The three owners are the Rev. Michael L. Kruszas, Rose Rice, and Henry and Anna Straff.

The three were to have left last Friday midnight.

Illinois' Band Will Honor Its Director

Paris, Ill., May 7—(AP)—The University of Illinois concert band will give a farewell recital for its retiring director, A. Austin Harding, here, May 27.

Mark Hindsley, assistant band director, said members of the organization voted unanimously last night to go from Champaign to Paris for the salute to their 58-year-old leader who will retire at the end of the present school term.

Harding, whose home is here, plans to remain in Paris after his retirement.

Female Slayer Is Released by State

Kankakee, Ill., May 7—(AP)—A 65 year-old woman, convicted in 1939 of manslaughter, has been ordered released from the Kankakee state hospital.

County Judge Irwin C. Taylor yesterday ordered release of the woman, Mrs. Sarah Lester, after a commission of physicians reported she should not be confined.

Mrs. Lester was sentenced to eight years for shooting Sam Phillips, secretary of the Danville Building Association after the firm foreclosed a mortgage on her home. She was committed to the state hospital on petition of the state welfare department.

Jars of peanut butter should be turned upside down occasionally. This permits the oil to mix throughout the product.

Grain 'Shorts' on Anxious Seat Today

Chicago, May 7—(AP)—Few people today watch railroad strike news more closely than grain "shorts." They're the men who have contracted to deliver grain in Chicago by the end of this month.

A railroad strike would cut the amount of grain coming to this city. Although trucks and barges still would bring in supplies, halting railroad traffic would drop total receipts anywhere from 70 per cent in corn to 95 per cent in wheat.

The shorts have sold wheat, corn and oats for delivery this month. Such sales were made in "futures." By the end of the month, the shorts must even up their position by buying futures or delivering grain.

The Board of Trade ruled yesterday that trading in May futures will end after the close Friday, May 21. After that, any shorts still left must deliver actual grain or pay a penalty set by a board committee

Grain Supply Shorts

The distressing part of the situation, as far as the shorts are concerned, is that the amount of grain now in this city does not nearly equal the total amount of grain which has been sold short.

On May 1, last date for which such information is available, wheat stored in federal or Illinois state public elevators, and of a high enough quality to deliver on futures contracts, totaled only 157,000 bushels.

The number of May contracts outstanding at the start of trading today totaled 8,645,000 bushers—in other words, shorts have contracted to deliver that much to holders of the contracts, known as longs.

While the railroad strike possibility is a prop under the current market, many traders feel grains are vulnerable to selling if the strike is avoided or if, once started, it is settled before the end of May.

Auto Workers Push

(Continued From Page 1)

law, the UAW insisted it would go ahead with plans for the May 12 strike without a vote.

Matthews, in his statement, accused Chrysler of "refusal to bargain in good faith."

In rebuttal, a Chrysler spokesman declared, "Chrysler corporation has bargained in good faith and is willing to continue to do so."

If mediation efforts fail, 75,000 Chrysler workers would be called out from the corporation's 16 plants, 11 of which are in Michigan.

It would be the first major strike in an automotive company since the 113-day walkout of General Motors Corp. workers in 1945-46.

Jews Claiming New

(Continued from Page 1)

wants a temporary trusteeship; the British a neutral commission.

Jerusalem itself was quiet. The British army said 70 new cases of typhoid had broken out in crowded Acre, swollen with Arab refugees from Haifa.

K. S. B. Hospital

Admitted Leilani McGinnis; Russell Quest, Milledgeville.

Discharged, Robert Bartlett, Mrs. Gertrude Gehant, Mrs. Vivian Bosshart.

Births. To Mr. and Mr James Cater, 514 East Graham street a boy on May 6.

To Mr. and Mrs. Leslie Bend, 1411 Adelheid Drive a girl on May 7.

To Mr. and Mrs. Ralph Sloneck-er, 711 First street, a girl on May 6.

About half of Canada's World War II production came from plants which did not exist in 1939.

Truman Talks Over

(Continued from Page 1)

phasized that no orders looking to seizure have been prepared.

Clark said the seizure power is under a 1916 law. He said he would see President Truman again this afternoon and ask permission to release the seizure power opinion to the public.

Wartime Authority

Prepared by the solicitor general's office, the opinion is based on a recent Supreme court decision that the United States is still technically at war.

Under this decision, Clark said, the president has the wartime authority to take over the railroads.

Truman, who told his news conference yestreday the government is doing all it can under the law, is keeping in close touch with the developments but leaving the details to Steelman.

The rail strike is set for 6 a. m. local standard time in each zone, Tuesday, May 11.

Yard employes who are members of the engineers, firemen and switchmen brotherhoods have been instructed to leave their jobs at that hour.

Members of the three brotherhoods on moving trains at that hour will complete their runs or bring their trains to the nearest terminal tie-up point before walking out.

Those invited to Steelman's office in the east wing of the White House are David B. Robertson, president of the firemen and enginemen, Alvanley Johnston, grand chief engineer of the locomotive engineers, and Alfred J. Glover, new president of the switchmen's union.

Steelman talked with W. T. Faricy, president of the Association of American Railroads, yesterday. Faricy represents management generally. More meetings with railroad executives may be held after Steelman finishes his face-to-face discussion with the union presidents.

Steelman did not reveal whether there was any room for optimism after his talk with faricy.

Johnston, boarding a train at Cleveland last night for Washington conference, told reporters: "If the railroad people come in there with open minds we might get somewhere."

Johnston said he had no advance information that a settlement was in the wind.

Denies ODT Alerted

Truman flatly denied that the Office of Defense Transportation had been alerted to prepare for possible seizure.

Under a provision of a 1916 law which still is on the statutes, the secretary of war is authorized to take over the vital rail supply lines in time of war World War II has not yet been declared officially ended.

Power to take over operation of the railroads could be delegated to another agency if the president wanted to take it out of the army's hands. He did so two years ago—turning the job over to ODT—when Johnston's locomotive engineers and A. F. Whitney's Brotherhood of Trainmen struck for two days.

Whitney settled for a 15½ cent hourly pay increase this year. So did all the other rail brotherhoods except the three key operating unionsn. They are asking for a 30 per cent wage hike, plus changes in 25 operating rules, many of which would add to the workers' take-home pay.

Truman was reminded at his news conference that in the 1946 strike crisis he had proposed drafting the railroad men into military service to force them to run the trains. The president was asked whether he would suggest such a step again.

Let's wait and see, he replied.

DOWN MEMORY LANE

Landers, Loomis Led Oregon to '16 Glory

By BOB FALLSTROM

Oregon, May 7—It was 32 years ago this spring that Oregon high school reached its track zenith under the impetus of Sherman Landers and Frank Loomis, an incomparable two-man team.

The 1916 campaign was marked by Oregon championships in meets held at Northwestern university, Bradley, the University of Minnesota, Beloit, the University of Illinois (state meet), the University of Kansas and the University of Michigan. The Northwestern title was shared with Evanston academy, however.

Landers, a brother of E. D. Landers, Ogle county Republican publisher, won individual first place trophies at each of the big affairs. At Northrop field, Minneapolis on May 27, Landers pole vaulted 12 feet 8 inches, an inch higher than any school boy in the world had ever cleared at that time.

Landers' feats were truly amazing. At Northwestern he scored two firsts, at Bradley four, at Beloit two, at Illinois two (the only ones he was allowed to compete in), at Kansas three, at Minnesota four, at Michigan three, at Chicago three and in the northern Illinois meet, closing the season, four.

He was unexcelled in the pole vault, 100-yard dash, 220-yard dash, and high hurdles, and also competed in the low hurdles, broad jump and hop, step and jump.

Now a resident of Phiadelphia, Pa., Landers clicked off the 100-yard dash in 10 seconds flat that spring. His best mark in the broad jump was 22 feet 1 inch. He could do the 220 in 21.6 seconds and the 120-yard high hurdles in 15.8.

In the state meet he easily vaulted 12 feet, setting a new record and also triumphed in the high hurdles.

• • •

He was perhaps the greatest athlete the school has ever known, although Frank Loomis, the other half of the championship combination, might have something to say about that.

Loomis was no slouch at rolling up titles and points for OHS. Specializing in the low hurdles, high jump and 440 yard dash, Loomis captured a total of 16 firsts during the season and tied for the top spot another time as compared to Landers' 27 firsts.

Frank tied the world 220-yard low hurdle record May 27 at Minneapolis, the same day that Landers posted a world pole vault standard, by clipping the timbers in 24.4 seconds.

Teamed with H. Brooke and C. Sauer, Landers and Loomis also helped establish two record clockings for the half-mile relay, the marks going on the books at Minnesota and Beloit.

Landers and Loomis . . . when will another pair like them come along?

Sherman Landers

Frank Loomis

Church Softball League to Begin Play on May 25

The Church Softball league's second season is slated to begin Tuesday, May 25. Two rounds of play will be staged, the first ending July 9.

Discussion on a lighted diamond was tabled at a meeting at Grace church last night and it was voted to again play twilight ball.

Five diamonds will be utilized, Lowell park, the east sector of Reynolds field, Borden's, St. Paul's (Nachusa) and a lot in back of the Dixon Chain Mfg. Co., 1226 Seventh street.

A complete schecule will be printed in The Telegraph at a later date.

Charles and Ray Battle Tonight in Chicago Stadium

Chicago, May 7 (AP)—Ezzard Charles, Cincinnati light heavyweight challenger, and Elmer (Violent) Ray, Hastings, Fla., heavyweight contender, will meet tonight in Chicago Stadium in a return bout which has twice been postponed.

It will be the first major professional show in Chicago in 77 days. On the last previous card on Feb. 20, Charles knocked out Sam Baroudi, of Akron, O., in the 10th round. Baroudi died six hours later without regaining consciousness. Tonight's bout will be the first for Charles since his meeting with Baroudi.

Baroudi's parents will receive $10,000 of tonight's gate receipts. Half of the sum was pledged by Charles and the other half by Promoters Irving Schoenwald, Jack Begun and Jack Hurley.

Ketchel Remains All-Time Champ of Middleweights

New York—(NEA)—The traditional all-time hitter of the middleweight division still is the great Stanley Ketchel, who belted 'em out from 1903 through '10. For the figure-mind, here is the way the Michigan Assassin shaped up against Rocky Graziano and Tony Zale, who slug it out in a rubber match in Newark, June 9.

Ketchel scored 46 knockouts in 61 starts for an average of 75 per cent. Graziano scored 35 in 59 for an average of 59 per cent, Zale 44 in 88 for an average of 51.

Dixon Girls Club Present at Meeting

(Telegraph Special Service)

Oregon, May 7—Representatives of seven men's softball teams and eight girls' teams met in the supervisors' room of the Ogle county courthouse last night, forming a new Blackhawk Valley Softball association.

About 30 were present, representing men's teams in Oregon, Rochelle, Ashton, Byron, Forreston, Mt. Morris and Polo and girls' teams in all of the above towns and Dixon.

It was voted to invite a Shannon men's team to join the group at the next meeting here May 20.

Rules, regulations and officials are to be chosen at the May 20 confab.

Teams are to include the best available players from each town.

Wakefield May Be on Block: In Batting Slump

Detroit, May 7 (AP)—Dick Wakefield, who cost the Detroit Tigers $52,000 in bonus money in 1941 and is hitting an insignificant .074 for them in 1948, may be on the trading block.

But the Tigers branded as "preposterous" today any idea that Dick may be sold for a $10,000 waiver price.

• • •

Wakefield, a former University of Michigan player, currently is riding the bench for the Tigers with two hits in 27 times at bat this season, hitless in his last 25 times up.

The Detroit Free Press said today that the Tigers have asked waivers on the 27-year-old outfielder.

The Tiger front office would neither confirm nor deny the report Wakefield was on the club's last waiver list but General Manager Billy Evans made it clear Dick wasn't for sale for the $10,000 waiver price.

No Fights Again on "Fight Night"

New York, May 7 (AP)—This is "fight night" again in New York with no fights.

The only squabbles were taking place in smoke-filled conference rooms where ring managers and officials of the Twentieth Century Sporting club continued to argue over television spoils.

Madison Square Garden is crowded with the circus but no card has been lined up for next week after the elephants and clowns have gone.

• • •

The Twentieth Century's other punch emporium—St. Nicholas arena—is blacked out for the fifth straight week.

The managers, making up the Boxing Managers' Guild, say their athletes won't perform for the Twentieth until they get a slice of the television receipts. The Twentieth is balking.

The Managers Guild controls most of the "name" fighters in the metropolitan area. The Twentieth puts on the big fights. So it's quite an impasse.

Softball Confab Monday Evening

A meeting of softball league managers is slated for 7:30 p. m. Monday at the Shamrock.

Entry fees of $20 are to be paid at this time and pilots should also bring tentative rosters. It will be the final conference prior to getaway night, May 19.

JOE MORIN NEW HEAD CAGE COACH AT WEST FRANKFORT

West Frankfort, Ill., May 7—(AP)—Joe Morin, hitherto an assistant coach, has been appointed head basketball coach at West Frankfort high school.

Bill Brown, whose basketball duties Morin will take over, will continue as the school's athletic director and head football and track coach.

SUNSET GOLF CLUB OPEN; ACTIVITIES MARK INAUGURAL

(Telegraph Special Service)

Mt. Morris, May 7—Sunset Golf club is open for business. The 1948 season was inaugurated last weekend with several activities.

The St. Louis Browns haven't set the world on fire this spring but they also haven't been as bad as many experts predicted before the season opened. Three reasons are First Baseman Chuck Stevens (left), Third Sacker Bob Dillinger and Outfielder Al Zarilla. This trio's spirited play has brought an about-face in the club's fortunes.

Bobtales

By BOB FALLSTROM

"Speed" Saunders' young ball club is set to open its Big Six league schedule Sunday at State hospital . . . without an identifying nickname.

When the club was first organized the name "Cardinals" was adopted. But suits with red trimmings are unavailable and blue trimmed livery will be worn, Dr. S. Chandler Bend, the sponsor, announced yesterday.

Just what name will be tacked onto the outfit is problematical. "Bend's Blockbusters" or "Bend's Bluebirds", etc. might be appropriate.

Saunders figures on Al Moeller as his pitching starter Sunday with Ed Buchanan as the backstop. Johnny Eckhart will be at first, Howard Moye of Ashton at second, George Wallace at short and Bud Lair at third. An Ashton boy, Gates, and Bob Alexander are sure outfield choices but the third spot is very much open. Ken McCracken will stand by for relief mound duty.

Squadmen are asked to meet at "Red" Vaile's at 12:30 p. m. Sunday.

PERSONNEL TURNOVER—State hospital has had an almost entire turnover of personnel from the club that finished second in the Midwest league's Central division last year.

Charlie Clutts, set to manage the club on the field, is the only starter listed for Sunday that saw regular action in 1947.

According to Clutts a probable lineup of Van Diver, 1b; Staley, 2b; Dooley, ss, Clutts, 3b; Russ Watts, lf; Hill, cf; Temple, rf; Chick, catching and Durham, pitching, will start against Dr. Bend's boys.

NEW SOFTBALL DIAMOND—A lighted softball diamond is being prepared at Shabbona. When it's completed a league of two Shabbona teams, a Paw Paw club and a Lee outfit will swing into play.

SPRINGFIELD AT PRINCETON—Springfield high school will make one of its infrequent appearances in this section of the state Nov. 27. The Senators are booked for a cage game at Princeton, the game being shifted to the Tiger lair because the state armory could not be secured.

SHORT SHOTS—LaSalle-Peru won the Illinois Valley track meet earlier this week with Hall Township second and Ottawa third. Outfielder Jerry Vaile was inadvertently omitted from the list of Junior Legion players in last evening's column.

Postpone Track Meet Yesterday

Yesterday's scheduled track meet between Dixon and Rochelle high schools at Rochelle was postponed because of rainy weather conditions.

The meet is now listed to be run off Thursday, May 13, DHS Coach Art Bowers said.

TENNIS MATCH HALTED

A scheduled tennis match here yesterday afternoon between Dixon high and West Rockford, the district champ, was indefinitely postponed on account of the weather, Coach A. P. Hamersmith reported.

AMERICAN ASSOCIATION
Minneapolis 10, St. Paul 2.
Toledo 11, Milwaukee 3.

KOLLOWAY INJURED

Washington, May 7—(AP)—Don Kolloway, Chicago White Sox second baseman, suffered a three-inch gash in his left ankle in the Sox-Washington game last night when he was spiked by Al Kozar as the latter slid into second on a force play.

Eight stitches were required to close the wound and it was believed Kolloway will be sidelined for several days.

Kolloway was injured in the first inning and he was replaced by Floyd Baker. The Sox lost the game 5 to 0, their second straight shutout by the Senators.

FIGHTS

(By The Associated Press)

INDIANAPOLIS—Colon Chanes, 147, Indianapolis, knocked out Mose Brown, 157, Huntington, W. Va., 8.

BULLETIN

Chicago, May 7—(AP)—Jimmy Conzelman, who piloted the Chicago Cardinals to their second National Football league title since 1925 last season, today signed a new two-year contract to coach the club this season and 1949. The salary was not disclosed.

Eddleman Named Athlete of Year; New Point Record

Champaign, Ill., May 7—(AP)—Dwight Eddleman of Centralia is the Illinois athlete of the year by the highest point total ever won by a candidate for the honor.

The Daily Illini, campus daily which conducts the annual poll, announced today the all-round sports star received a total of 12,954 points, more than 5,000 points ahead of Ike Owen, of Gary, Ind., who ranked second in the field of five. The previous high in the nine years the poll has been made was won by Andy Phillip, basketball star of several years ago.

As winner of the award, Eddleman will receive the Gardiner trophy at ceremonies preceding the Illinois-Michigan baseball game here May 14. He has won four letters in track, two in football and two in basketball, and is captain-elect of the basketball team for next season.

CONSERVES ENERGY

Chicago—Defending his court action in tennis matches with Jack Kramer, Bobby Riggs says: "I'm a little guy and have to parcel out my resources intelligently."

FIVE STRAIGHT WINS

Athletics Top A.L.; Blast Bobby Feller

(By The Associated Press)

Give a cheer for 85-year-old Connie Mack and his surprising Philadelphia Athletics. Five straight wins, climaxed by a kayo decision over Bobby Feller, have boosted the A's into the American league lead.

Picked to scramble in the second division with the White Sox, Browns and Senators, the Athletics begin to look like serious contenders for a spot among the top four.

It's difficult to put a finger on the reason for the A's success. They are hitting only .246 as a club and the top batter Pete Suder, at .316, is spotted eighth in the order. Only five of the first 14 pitchers went the route. Still they win. Shortstop Eddie Joost, with four homers and a .333 average rates some credit.

• • •

Pitching, of course, is bound to be the Athletics' strong point but sore arms and the poor spring form of Bill McCahan and Joe Coleman held them back. Lou Brissie, the brilliant rookie with the injured leg, helped out with two wins and now Dick Fowler seems ready to carry his share of the load.

Fowler worked only two thirds of an inning on relief before yesterday's 8-5 victory over Cleveland. Arm trouble handicapped him in spring training.

Feller was belted out in the fourth inning, never recovering from a four-run first inning during which Manager Lou Boudreau made two costly errors.

• • •

George Vico, Detroit's rookie first baseman, and Birdie Tebbets, the Boston Red Sox catcher who once played for the Tigers, staged an impromptu fight to enliven the proceedings at Fenway park. The two players fell when Tebbets tagged Vico as he ran back toward third base as a squeeze play went awry.

Although the Red Sox knocked out Hal Newhouser in the first inning, they lost the game to Detroit, 8-3. Hal White walked six but allowed only four hits in eight and two-thirds innings while the Tigers flattened Jack Kramer with his first loss.

• • •

There was an argument in New York, too, where the St. Louis Browns claimed Bobby Brown's game-winning homer was a foul ball. The homer, perilously close to the right field foul pole, came with a man on in the eighth for a 6-5 Yankees victory.

Washington pulled up to the .500 mark by shutting out Chicago for the second night in a row, 5-0, on Early Wynn's three-hit pitching.

Pittsburgh's win streak of six games was broken in the National league when the New York Giants thumped the Pirates, 9-2.

Harmon Twp. Takes Lead in Pin Tourney

Extending the precedent of a new leader every night Harmon Township last evening rolled into first place in the Men's City Bowling association tourney with a 3,096 total.

In vaulting over the Moose No. 1 squad, the Harmonites collected games of 1,011, 1,056 and 986. C. W. Robbins accounted for 211-219-186' 619 scratch and 691, including handicap.

Freeman Shoes took over the No. 4 spot with a 3,061 total as Glenn Handesty hit 559 actual pins. Tom Curtis had 651, handicap included.

• • •

The No. 7 position went to Empire Sales with 3,015 as Jim Heaton bowled a big 222 count his first game, amassing a total of 656 (including handicap).

The other change in the standings involved Studebaker Sales. Led by John "Friday" Shultz, Telegraph 10-pin columnist, the Studebakers marked up a 2,999 total, good for eighth place. Shultz hit 623 scratch on games of 166, 242 and 215.

The top ten is composed of Harmon Township, Moose No. 1 (3,082), Melvin funeral home (3,068), Freeman Shoes, Esco Freezers (3,033), INU Co. Super Heaters (3,029), Empire Sales Studebaker Sales, Dixon Grain & Feed (2,976) and James Billiards (2,968).

7 p. m. Rathskeller (DR) Xavier & Co (DR), 1st Motor Post (DR).
9 p. m. Knights of Columbus Guards (DR), Farm Hollow (DR), Defender & Underwood (LL), Rock Island Tel. Co. (LL), Otto's Tap (DR), Beier's Loafers (DR), Knights of Columbus Secretaries (DR), Welch Realtors (DR), Knights of Columbus Grand Knights (DR), Knights of Columbus Treasurers (DR).

TO DOWNERS GROVE

A Dixon delegation will take over the alleys Sunday in the Downers Grove tournament. All the local keglers who signed up to go are asked to get in touch with Harry Cook not later than Saturday night so transportation for all of them may be arranged. They will leave the Recreation alleys at 12:30 Sunday noon for the journey to Downers Grove, and all of them are asked to meet there before pulling out.

JUNIOR LEGION PLAYERS TO MEET AT 1 O'CLOCK SUNDAY

Junior Legion players are asked to report at the Legion hall at 1 p. m. Sunday to make the trip to Amboy, Manager Tom Jordan announced today.

BIG NINE STANDINGS

Team	Won	Lost	Pct.
Michigan	5	0	1.000
Illinois	1	0	1.000
Ohio State	4	2	.667
Wisconsin	2	2	.500
Iowa	2	2	.500

Minnesota	1	3	.250
Northwestern	0	4	.000
Indiana	0	4	.000

THREE I LEAGUE
LAST NIGHT'S GAMES
Danville 3, Waterloo 1.
Other games rained out.

Plan Swimming Classes

(Telegraph Special Service)

Mt. Morris, May 7—A huge program of swimming classes is scheduled for the pool at community gym this summer.

The pool has been repainted and several new features added to the filtration system, making it more efficient. These improvements enabled the pool to receive a Class B rating from the state department of health, which is unusual for a community of this size.

Junior high school students will be offered from one to three swimming classes a week as a part of the school program.

• • •

Here is the pool schedule:

Monday—7:30 p. m. to 8:15, grade school; 8:15 to 9 p. m., high school and adults.

Tuesday—7:30 p. m. to 8:15, grade school; 8:15 to 9 p. m., high school.

Thursday—7:30 to 8:15, grade school; 8:15 to 9 p. m., high school and adults.

Saturday—2 to 3 p. m., grade school; 3 to 4 p. m., high school and adults.

The evening programs will again be handled by Phillip Orr on Mondays and Thursdays and by Amel Watz on Tuesdays. School classes and Saturday afternoon periods will be in charge of Lew Behrens, recreational director. Special instructions will be offered to adults who do not know how to swim on Tuesday evenings from 8 to 9 o'clock.

Mothers Haven't Changed!

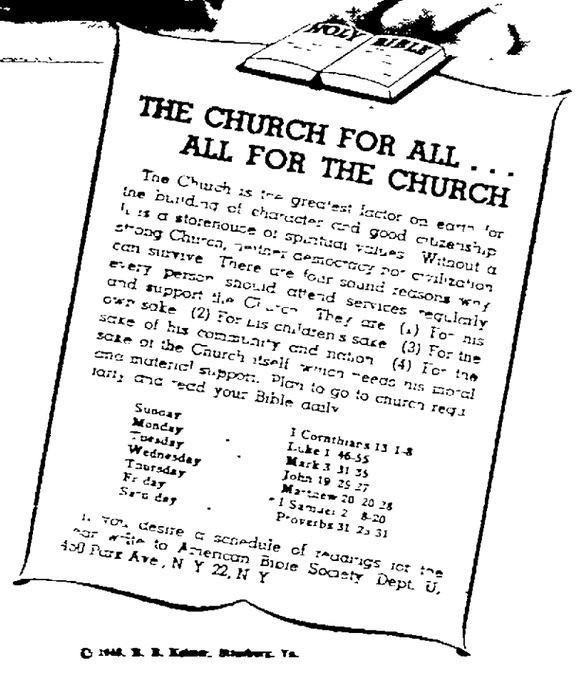

Some misinformed people call her a "modern mother." That's because she wears her hair differently — she dresses with a fashionable accent — and she feeds her baby all those "unheard of" things that doctors *today* recommend.

But she's really an old-fashioned mother. She loves her child with old-fashioned devotion . . . sacrifices with old-fashioned unselfishness . . . dreams of giving him "advantages" she never had . . . boasts of his "brightness" . . . frets about his contrariness . . . worries about his pains . . . laughs delightedly at his "cuteness."

Like so many mothers before her, she prays that her child may grow into noble manhood . . . yet, sometimes, she wishes he could always stay just as he is today.

But her little boy is growing up. And as he grows, mother will find the Church her faithful ally: developing her child's character, deepening his faith in God, strengthening his convictions of right and wrong. From the Cradle Roll to the Men's Bible Class her son will gain in Sunday School and Church the spiritual riches that mothers — yesterday and today — have earnestly sought for their children.

DIRECTORY OF DIXON CHURCHES

Gems of Thought
PRIDE GOVERNMENT

The care of human life and happiness, and not their destruction, is the first and only legitimate object of good government.
—Thomas Jefferson

Human law is right only as it patterns the divine. Consolation and peace are based on the enlightened sense of God's government.
—Mary Baker Eddy

While just government protects all in their religious rites, true religion affords government its surest support.
—Washington

Obedience is what makes government, and not the name by which it is called
—Burke

All overmuch government kills the self-help and energy of the governed.
—Wendell Phillips

The best of all governments is that which teaches us to govern ourselves
- Goethe

SUNDAY SCHOOL LESSON

Making Reform Stick Is an Old Problem

By WILLIAM E. GILROY, D.D.

One of the really vital problems of human betterment and progress is that of making reforms stick.

Under the influences of a great leader, a Moses, an Elijah, an Ezra, a Savonarola, or a D. L. Moody, a community or a people rises to a height of religious enthusiasm and moral quickening, even though religious enthusiasm and moral quickening have not, unfortunately, always gone hand in hand.

Under this awakened fervor new impulses and attitudes are established Evil ways and habits are renounced. Harmful and questionable institutions and practices are purged New generosities and sacrificial devotions are easily fostered and it looks as if a new day had dawned.

• • •

Sometimes the reform and quickening are induced by some outstanding event A great disaster falls upon some community, and selfish motives become lost in united action of a very noble sort Even war, with all its horrors, as we have seen in two world wars, may unite a people in high endeavor and devotion to the common defense, welfare and safety.

Then, as we have seen also in two world wars, relapse sets in People return to their old ways. Selfishness becomes evident where yesterday there was a sense of community and devotion to the common good. And this unfortunately has been the history of almost all movements of reform The deepest problem of reform is that of making reform movements stick.

• • •

An outstanding example was of the way in which the Puritan revival in Cromwell's time in England quickly became succeeded by the restoration of the Stuarts and one of the worst periods of degradation and debauchery in the entire history of mankind.

But we have had examples nearer home Was there ever a more morally earnest and spiritually minded group than the Pilgrims who founded the Plymouth colony? Yet a former Plymouth minister, who knew the history of the colony well, once told me that there was a serious moral letdown in the second generation.

• • •

These thoughts are suggested by the story of the reforms in Israel under Ezra, described in the Biblical Book of Ezra, and evidence of what happened subsequently as it is found in the Book of Malachi and other late prophetic books of the Old Testament

But reforms, if they have been deep and sincere, never become wholly reversed Here is a seed or germ of moral quickening that takes root again as is evidenced in the spiritual life of the restored Israel and its relation to the rise and spread of Christianity.

Special music by the choir. Sermon by the pastor, "As One Whom His Mother Comforteth." This will be a Mother's Day service The Junior choir will sing "Like as a Mother Comforteth" Miss Darlene Shippert will sing "Dear Little Mother With Silver Hair"

Choir rehearsal Wednesday at 5:15.

Wednesday evening, prayer and Bible studies at 7:30. Choir practice at 8:30 p m.
Tuesday at the home of Elton, Billy and David Reigle the Youth Fellowship will hold the monthly business meeting and social hour at 8 p. m. Friday at 8 p m the Spiritual Jubilee Singers of Chicago will give a concert at the Kingdom church The same group will be at the Grace church Sunday both morning and evening

Robbers Take $36,000 in Jewels From Couple

Chicago May 7—(AP)—A business executive and his wife reported today they were robbed last night of furs and jewelry valued at from $36,000 to $50,000

Mr and Mrs Titus Werner told police two robbers were waiting when they drove up to their apartment The men entered with the couple, bound them to chairs and gagged Mrs Werner.

The victims said the pair ransacked the apartment for an hour and a half Mrs Werner said she was wearing a 25 carat diamond worth $22,500 but that the robbers allowed her to keep it.

"It's too much ice for us," she quoted them as saying

Werner is an executive for the Haber Screw Machine Products company

State of Church Committee Urges Better Relations

Boston, May 7 — (AP) — A Methodist conference legislative committee today called upon the United States and Russia to establish "better relationships" to avert possibility of war.

The state of the church committee reported to the general conference yesterday that "peace in the immediate future depends primarily on the establishment of better relationships between the Soviet Union and the United States."

The general conference will act on the report today

"It is our conviction," the report said, "that neither the peoples of the Soviet Union nor the United States desire war.

"We call upon all of our people promptly to undertake to change the prevailing mood which we believe conducive to war."

Christian men and women, the report added "should seek to develop mutual understanding in which differences with Russia can be reconciled."

The report upheld the work of the United Nations and advocated a federated form of world government for permanent peace

The state of the church committee is headed by the Rev Dr Ernest F Tittle pastor of the First Methodist church of Evanston Ill.

Inflation in Germany after World War I drove the German "mark" down to one-billionth of its original value

Sheraton the famous furniture maker, once designed an ottoman with heating urns under it to keep the seat warm in cold weather.

As much as two quarts of dust can be removed in a month from the air in an average room.

"Mother of Year" Puts in Busy Day

New York, May 7—(AP)—The American "Mother of the Year" 60 year-old Mrs Helen Gartside Hines, followed a busy schedule today.

Her trip here by plane from her home town of Springfield, Ill., yesterday, was one of the consequences of her selection as mother of the year by the American Mothers' Committee of the Golden Rule Foundation.

Today's high point in her whirl of New York life was a reception slated for presentation to her of the citation and medal which confirmed her honorary title Mrs. Hines also had a news conference today

Yesterday shortly after arriving at Newark airport, she went to the British Broadcasting Corp. offices and made a four minute recording for the United Nations appeal for children. It will be broadcast later by the U. N. radio.
